- Improve overall health on cows and calves
- Saves pressure on fences

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Rollercoaster effect found in cattle futures

Jerry Nine
Woodward
Livestock
Auction
Woodward, OK

If you have feeder cattle for sale and you happen to be hedged you may need a neck brace before you get through. Monday down hard then Tuesday back up good.

It makes a lot of difference what day you figure your financial statement whether you are doing good or not.

Luckily a lot of sellers

of feeder cattle brought extremely good prices this past fall. I'm not sure how lucky it was for the buyers.

Anytime you have a market that moves that much higher there is always willing buyers to step out front and give even higher figures. They either get caught up in the excitement or else they are swayed by what others are saying. The same goes when it is going down only in the opposite direction. There is always people thinking there will never be another good day.

There are some wheat fields that look great not too far away from Woodward. One farmer said his wheat was so tall that the cattle could bed down in it to mostly stay out of the wind. Unfortunately, that is not the case on mine. A lot of people said we would have a bad winter as the snow should get as deep as the sunflowers. But thankfully that is not the case so far.

A lot of my friends are trying to lose weight. Then a good friend said I can tell any of them how to lose weight. Just simply get a divorce. It works every time.

At the sale on Tuesday, I commented that my fingernails break so easily. Then our auctioneer said that his do too. I said I imagine that I am short of some vitamin. But then I told him I don't really think you are short of vitamins as he is what you would call a fairly big guy. In fact his nickname for years has been Hoss. Now that I think about it no one ever nicknamed me Hoss.

After the sale one of the buyers walked up to our table in the restaurant and said, "I am so glad I met all of you at this point in my life. There is no chance in heck my mother would have let me play with you guys."

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Suspected Mail Thief Arrested in Beckham County

December 6, 2023 - The Beckham County Sheriff's Office has announced the arrest of a suspected mail thief and are asking that any potential victim to contact them.

Through a message issued through the office's app, it was indicated that deputies made the arrest Tuesday night regarding the thefts from mailboxes in rural Beckham County, and they are working to match up more names of victims with the thefts.

Officials urge anyone that feels that they were a victim of the crime, to contact the Sheriff's Department at (580) 928-2121.

Officials said they will need the name of the victim, approximate time and date of the thefts, the mailing address, contact phone number, and the type of mail believed to have been tampered with or stolen.

The name of the suspect arrested has not been released – pending charges.

Wheeler County Texas Sheriff Announces New App

December 7, 2023 - Wheeler County, Texas Sheriff Johnny Carter has announced the release of a custom smartphone application.

According to a post on the sheriff's office Facebook page, the app will serve as an innovative way for the Sheriff's Office to connect with Wheeler County residents and visitors, providing information quickly and efficiently to anyone with a smartphone.

Sheriff Carter said he believes the app will help the Sheriff's Office release information to the public about what is going on in the county, and will be able to provide information on road closures, grass fires, and important weather alerts.

The post also said that the application has a place to report and update livestock owner locations so authorities can notify owners more efficiently.

The application also has a map of all Wheeler County Sex Offenders to better inform the public on where the Sex Offenders that reside in Wheeler County are living.

Sheriff Carter also said the application has a "close patrol" request feature which will make it easier for citizens to request a close patrol on their business and residence.

The application will also have updated jail and inmate information that will allow one to access bond information, visitation, and deposit funds onto inmates accounts.

The app will also have push notifications that can be used to notify of major emergency situations taking place in Wheeler County.

Sedation Dentistry Calms Fears...
Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
