And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Cattle business is different than most

Jerry Nine
Woodward, OK

What an interesting business we are in, particularly the cattle business.

I was talking to a very smart man about 10 years ago who was not in the cattle business but very successful in the oil business. He said to me, "Well,

you wouldn't lose money on cattle ever when investing that much money would you?"

This is probably the mindset of a lot of city folk. They basically have no idea that a person would borrow that much money with that much risk just to try to make a living. Don't get me wrong, I like the business as long as we can keep it where we have a fighting chance to survive. Ask any banker I have dealt with and he would probably say that I'm not smart enough to be scared.

Even from a very young age I have loved the challenge of trying to figure out

what the best buy was in the cattle business. But there are days that can sure be challenging and you have to question your mentality.

Today the banking industry has changed so much in the past five to 10 years. In my opinion, it used to be if you had a good reputation and was a hard worker and honest you could easily get a loan. Particularly if you had a good net worth. Today it is different. It mostly depends on cash flow and credit score. If you lose money for two or three years, then how do you show cash flow? At that point the only word that most bankers know is sell.

I fear what I see in our government right now could someday translate into what political party you are associated with as to whether you could get a loan or not.

My grandson said to his dad, "How come most of your hair is black but you have a few little hairs that are white?" My son said to his son, "Well, the reason is that every time you do something bad or making me unhappy it turns one hair white."

Then his son thought about it for a while and said, "Is that the reason that all grandpa's hair is white?"

"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."

Fatal Accident Near Clarendon, TX Under Investigation

December 19, 2023 - fatal two vehicle accident in the east Texas panhandle over the weekend remains under investigation.

According to the Texas Department of Public Safety, the accident occurred in Donley County on US-287, three miles east of Clarendon just after 12:30 a.m. when a 2013 Dodge Ram driven by 32-year-old Humberto Martinez of Memphis, Texas left the roadway and struck a traffic sign around 12:32 a.m. on Sunday.

The pickup then would return to the highway where it was struck by a 2013 Nissan Altima driven by 43-year-old Michael Flores of Memphis, Texas.

DPS officials said as a result, two passengers in the Altima, 60-year-old Yolanda Castillo and 77-year-old Alicia Salinas Flores (both from Memphis, Texas) would pass away from injuries sustained in the crash.

Both drivers of the vehicles were taken to local hospitals where they were admitted with serious injuries.

Hitch Hikers Accused of Stealing Vehicle – Charged

December 14, 2023 - A Texas couple received felony charges in Beckham County recently after allegedly stealing a man's car from the parking lot of the Elk City Walmart.

According to the victim, the duo were hitch hikers he had picked up while on a cross country trip to California.

A probable cause affidavit showed that the incident occurred in October when the victim said he was making the trip and had picked up 39-year-old Daniel Lee Preather, and 37-year-old Candice Nicole Bainbridge both of Atlanta, TX.

He told police that the couple were also heading west and agreed to take them with him to California as long as they helped fund the trip.

He told police that while in Elk City, he had gone inside Walmart and left the couple in his vehicle. When he returned, he discovered that the car was missing, and contacted the police.

After a "be on the lookout" was issued, the car and couple were both found in Weatherford where the couple were arrested.

Both received larceny charges in Beckham County District Court on December 7.

Bond for each defendant was set at \$5,000.

Canute Schools Announce Bond Proposal

December 19, 2023 - Canute Public School officials have announced a proposed bond issue that, if passed, would see building improvements made at the Washita County school.

According to a press release, the proposed plan would remodel the school's gym that includes, among other things, making the gym accessible for all by addressing Americans with Disability Act requirements, upgrading the science labs, and positioning the district to connect the gym and the main building with a practice gym, cafeteria, and auditorium in a future plan.

In total, the plan is projected to cost \$5.8 million.

Canute voters will decide on the bond on February 13.
