## Snowfall lends itself to some funny anecdotes

**Jerry Nine**  
Woodward, OK

Where are all you global warming people this morning when we went out to sort cows? Come on, Al Gore, that would be good for you.

We received snow but not as much as a lot of other areas and we definitely got wind. I think that is one reason I do not like snow because we al-

most always get wind. And it normally blows it in the bar ditch. This time I could see some still on some fields where there was a little cover and in the grass and sage brush.

Basically, the only snow I like is if it melts the next day. Or it wasn't too bad following a snow bunny down the ski slope.

Oklahoma National Stockyard had 14,400 head of cattle for its first sale this year. It's a big sale but the stockyards had been shut down for two weeks. The call on the market on feeders was \$3 to \$8 per hundredweight lower and calves \$2 to \$5 lower.

The blizzard prospects in the north might have kept some from bidding and the trucks might not have been able to get to the feedlot.

I did read where Russia showed its second largest grain crop.

The preacher said Sunday, "Remember, if God is still talking to you then that means he hasn't given up on you." He said the problem with America is not a Democrat or Republican problem. And it is not a black, white or brown problem, or Russia or China, but rather a spiritual problem.

At breakfast one man showed up early. He had just retired the week before. One man said, "Well, that was a short retirement." He said, "Well, I didn't retire from eating."

One gal who comes to the sale every week gives every calf she has a name. And this is the first year that she has ever calved out heifers. Her sister was her helper and this is her sister's recollection of their first year of calving.

They walked out to the corral at 3 a.m. and she heard her say, "Great job, Susan" as they walked by a heifer with a new baby calf. Then she heard, "Darn it, Ethel, push. You can do it." Then she said, "Well, Lilly, if you can't have that calf, you are a wimp. It looks like a fawn." Then she said, "Millie, if you kick that calf one more time, I will show you what a kick feels like." Then, "Betty, you can beller all you want, but I am tagging your calf!" Then she mumbled, "I will never calve out heifers again."

*"Editor's note: Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma."*

## Helicopter Crash Victims ID'd – Investigating Continues

January 23, 2024 - The three people who lost their lives in a medical helicopter crash near Hydro late Saturday night have been identified.

Pilot Russell Haslam, Flight Nurse Adam Tebben and Flight Paramedic Steven Fitzgerald were in the crash, according to the Air Evac Lifeteam.

Air Evac Lifeteam confirmed the crash with a social media post Sunday morning saying that at 11:23 p.m. Saturday, AEL's Operations Control Center (OCC) lost contact with the aircraft.

The company stated that the crew, based out of Weatherford, were on their way back after completing a patient care transport to an Oklahoma City hospital.

AEL teams assisted law enforcement search for the wreckage where it was found east of Hydro near the intersection of CR 1010 and CS 2490 roads.

AEL turned over the investigation to the NTSB.

## Child Abuse Charge Levied Against Weatherford Woman

January 19, 2024 - A Weatherford woman has been charged with child abuse in Custer County District Court after she allegedly assaulted her 15-year-old son.

According to a probable cause affidavit, authorities with the Custer County Sheriff's Office were dispatched to a home in a rural part of the county to a report of a possible runaway on December 30. When they arrived they were told by the mother, 38-year-old Jennifer Renee Bridges that her son had run away from the home after he allegedly assaulted her.

Later the boy was located with his older brother. The older brother would tell authorities that the reason the youth had left the home was because Bridges had allegedly assaulted him. The brother would show the deputy pictures of injuries the teen had sustained in the alleged attack which included scratch marks to the boy's left eye, ear and neck, along with bruises on his arm.

Also it was later discovered that a witness had video of the incident on her cell phone which authorities would later obtain, along with the photographs.

During an interview with deputies, Bridges would say that the two had gotten into an argument and her son had tried to re-enter the home when she allegedly tried to stop him before wrestling and falling to the floor.

Initial bond for Bridges was set at \$20,000.

Her next court date is scheduled for February 16.

## Bulldozer Accident Critically Injures Strong City Man

January 23, 2024 - A Strong City man is in critical condition after the bulldozer he was operating rolled off a hill and pinned his legs in Roger Mills County.

According to a report provided by the Oklahoma Highway Patrol, the accident occurred Monday morning around 11:30 in a rural part of the county north and west of Cheyenne when the 2013 John Deere D850 Bulldozer driven by 59-year-old Jeffery N. Hensley rolled off the hill and rolled 2 1/4 times while backing off the hill.

During the roll, Troopers said Hensley was partially ejected and his legs were pinned underneath the large machine.

Hensley was taken to Great Plains Regional Medical Center in Elk City and later transferred to OU Medical Center in Oklahoma City where he was admitted in critical condition with head and leg injuries.

OHP said the exact cause of the accident remains under investigation.

In a separate accident on Monday, a Mustang man was also placed in the hospital in critical condition after apparently losing control of his vehicle during icy weather.

According to the OHP collision report, 62-year-old Shawn P. Zeneski was admitted into OU Medical Center with head injuries after rolling a 2003 Chevrolet pickup on icy roads on a county road near Oakwood in Dewey County.

Troopers reported that Zeneski was not wearing a seat belt at the time of the crash and was ejected after the pickup rolled 1 1/2 times.

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

WHITE DENTAL CARE

**Drs. Mori & Teri White, DDS**

**Sedation Dentistry Calms Fears...**  
Take a ***pill*** and ***snooze*** through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
