Spunk of the elderly admired trait

Jerry Nine
Woodward, OK

A woman called me from Altus, Oklahoma, this morning and told me that she and her husband had just moved off the farm and are letting their son move into their house.

She is 89, and he is 93. I can tell she might be in town, but you can't take the country out

of a country girl. She said now instead of hearing the spray rig go by it might be a firetruck. She was telling me that on TV a weatherman would constantly say "I hope it doesn't rain on Saturday" as he wanted to play golf.

So she called him and asked him if he took a shower this morning. He said, "Well, yes I did," with a puzzled tone in his voice. She said, "Well, what day of the week do you think God sent that rain?" He said, "I never thought about that." She said, "In southwest Oklahoma, we need a rain every time the good Lord will send it." They have been married 11 years, and I wish them many more. The world needs more good ol' country gals like her.

There are new price limits in the cattle futures market. Feeder cattle now will be able to move \$9.25 per hundredweight and fat cattle \$7.50 per hundredweight. This is way too much. This will get a lot of cattlemen nervous and cause them to make decisions that are not good for them.

Call today for unbeatable quality!

The following day if it is a limit move up or down in the market plus 50% more it can give packers, retailers or large speculators a huge tool to change the tempo with one big day's move. Thus, some bankers will get very nervous and insist a client makes his move after a drastic down day. Five dollars is plenty. Then let people think about it overnight and not make this an extremely volatile tool.

I have a female friend who worked for me at the sale barn. Both of us tease each other a lot. Several years ago I asked another friend of mine how long he thought she and I would last if we got married. He said about 30 minutes. I said to him you are probably right but what would we do with the other 20 minutes?

A few years ago, we invited the preacher over to our house to eat. Of course we asked him to say the prayer before we ate. Then the next week as we were headed to the house we said to him you might as well come eat with us again, so he did. Again we asked him to say the blessing, and right in the middle of the prayer he stopped and said, "Wait a minute. I've already blessed this food once before."

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

FEMA Assistance Available For Custer Co. Residents

June 18, 2024 - It was announced that Custer County residents who suffered damage from recent severe storms last month are now eligible for disaster assistance from the Federal Emergency Management Agency (FEMA).

Blaine, Caddo, and Jackson Counties are also eligible for FEMA assistance.

The assistance provided through FEMA's Individuals and Households Program, offers funding for a range of needs, including temporary housing, home repairs, and replacement of essential items like water, food, and medication.

Specific aid includes serious needs assistance for emergency supplies, displacement assistance for immediate housing costs, and rental assistance for temporary housing. FEMA may also provide funds for major home repairs and accessibility improvements for people with disabilities.

Residents in those areas can apply for aid online at DisasterAssistance.gov, through the FEMA mobile app, or by calling the FEMA Helpline at 800-621-3362.

Rollover Accident Hospitalizes Elk City Teen

June 17, 2024 - An Elk City teen is in critical condition after rolling his vehicle south of Elk City on Saturday morning.

According to the collision report provided by the Oklahoma Highway Patrol, the accident occurred at 1:47 a.m. 19-year-old Lake Wimberly was north bound on OK-6 4.4 miles south of Elk City when, for an unknown reason, the 2005 Chevy Silverado he was driving departed the road to the right, over corrected to the left, and began to roll. Troopers said the pickup rolled an undetermined number of times, ejecting Wimberly, before coming to rest on its wheels.

As a result, Wimberly was flown to OU Medical Center in Oklahoma City where he was admitted in critical condition with head and internal trunk injuries.

OHP said that a cause of the collision remains under investigation.
