Integrating a bull not always so easy

Jerry Nine Woodward, OK

The pastor of the church I go to in Oklahoma City, his wife, his daughter and his son-in-law have a few cows and needed a bull.

Last week I took them a bull. I asked the preacher's daughter if they had put the bull with their cows yet.

She told her husband that

since they hadn't been around the bull that long she wanted her husband to wait for her to help move the bull. She said, "Should we haul him in a trailer, or should we get some treats and see if he would follow one of us to the next pasture with the other one following the bull?"

I think I gave them some very good advice. I said, "Get with your husband, and decide which one of you is the least valuable. Then the most valuable should get in the four-wheeler with those treats, and the least valuable person should follow along behind on foot!" I'm not sure what kind of treats they have, but I hope they don't try to get the bull to roll over!

Another neighbor told me a friend of his was a cattle buyer. This friend went to the dentist to have a tooth pulled. This dentist was new in town and was from New York City. He had just recently bought

a house that had a small acreage. About a month earlier the dentist had asked the cattle buyer to buy him some heifers so he had bought him 10 head. After the cattle buyer had his tooth pulled, he saw the bill was \$1,200. As the cattle buyer was leaving the dentist said he was going to need to get those heifers bred. So the cattle buyer bought him 10 bulls for his heifers. He knew that was the only way he could get his money back.

After selling the sale barn, several of my neighbors were shocked after realizing I wasn't that great of an electrician.

I was telling a friend that I was named after my father. My friend said I don't know how you figure that since neither one of you have any name the same. So I bet him \$500. That sure is nice, taking money from a friend. I was born 30 years after my father.

The other day I was telling a friend that I broke my arm in five places. He gave me some good advice. He said quit going to those places.

Editor's note: The views expressed here are the author's own and do not represent the view of High Plains Journal. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

I-40 Construction Zone Accident Injures Arkansas Man

June 25, 2024 - A motorcycle accident near Hydro Monday morning put an Arkansas man in the hospital.

According to the collision report provided by the Oklahoma Highway Patrol, the wreck took place 2 miles east of Hydro in the westbound lanes of Interstate 40 when 55-year-old Michael R. Ault of Gould, Arkansas drifted into a closed lane of the interstate due to construction and struck two traffic cones while riding his 2016 Harley Davidson.

As a result, the motorcycle would lay over onto its side and Ault would be thrown from the bike.

Troopers said Ault was flown to OU Medical Center in Oklahoma City where he was admitted in stable condition with trunk internal, arm, and leg injuries.

No other vehicles were involved in the crash.

Mayoral Race Develops in Clinton

June 25, 2025- The municipal election filing deadline was last week and one western Oklahoma community saw two races develop.

One of which being for the mayor's seat.

City of Clinton Mayor David Berrong will square off against challenger Chris Roland. Also in Clinton incumbent Arthur Lloyd is being challenged by Bobby Stewart in Ward 4.

Stewart is a former councilman to Ward 4.

Ernie Dowdell, the incumbent for Ward 2, did not draw an opponent and will retain his seat.

The general election will take place Tuesday, November 5, with early voting taking place Wednesday, October 30 through November 2.

Dewey Co. Pursuit Leads to Crash

June 24, 2024 - A late night pursuit led to a one vehicle crash on Wednesday in northeast Dewey County and put a Canton man in the hospital.

According to the collision report provided by the Oklahoma Highway Patrol, the wreck occurred just before midnight on a county road 3 miles west and 1 mile south of Canton when while being pursued by a Blaine County Deputy, 23-year-old Gabriel Rocha lost control of the 2013 Dodge Charger he was driving and rolled the vehicle one time.

As a result, Troopers said Rocha was ejected from the vehicle.

The report stated that the man was flown to OU Medical Center in Oklahoma City where he was admitted in critical condition.

It is now known why Rocha led authorities on the pursuit.

No deputies or other vehicles were involved in the crash.

"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."
