THE NO FLY ZONE

- Reduce spread of disease & infestation
- Eliminates man power
- Increase daily rate of gain
- Reduce costly stress of cattle
- No product waste
- Improve overall health on cows and calves
- Saves pressure on fences

CAPITALIZE ON YOUR INVESTMENT BY PROTECTING YOUR HERD FROM EXTERNAL PARASITES ALL YEAR LONG!

"Mike has a simple formula to prove the value of the oiler. 'If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow.'" Mike Nesmith-Elk City, Oklahoma

Weekend's assassination attempt takes center stage

Jerry Nine
Woodward, OK

What a wild day Saturday with former president Donald Trump being shot in the ear during an assassination attempt.

I was listening to a man who used to be in the Secret Service, and he said the service's main job—regardless of party affiliation—is to keep the presidential candidates safe. The man said the service should never let them

get on stage or in the open if there is any suspected problem. We don't need a big political war, in my opinion.

We have had quite a few days where the temperature was well over 100 degrees Fahrenheit with Monday showing 115. I am hoping for a rain as those temperatures have scorched our grass.

September and October feeder futures on Tuesday showed a little more than \$259 per hundredweight. Isn't it amazing that I never thought earlier that we would hit those figures but after we went over \$270 a while back I keep watching them, thinking I sure wish they would go back to \$270.

I think that is called either greed or stupidity. We wrestle with ourselves, hating to admit, "I could have hedged more contracts higher."

Through this deal of cattle getting higher, I have never heard much said about resistance from the consumer. Hopefully we have established new levels because if we have to go back to selling a yearling for \$1,000 we are going to feel like we are giving them away.

The cattle on feed report comes out Friday with estimates on feed at 100.5%, placements at 97.5% and marketings at 92%. Feeder cattle early in the week were \$4 to \$8 per hundredweight lower. Packers this week think they will buy cattle at \$ 186 to \$188 per hundredweight. Feedlots have them priced at \$190 per hundredweight.

At the sale, a few buyers were wearing shorts, but not many. I remember my Dad telling me, "You are not going to the cattle sale in shorts." A lot has changed since then.

This afternoon I was walking into Braum's to get a milkshake, and I saw a local business owner who is definitely a city slicker. We both spoke, and I asked him what he was up to. He said, "It is my day to milk the cow," meaning he was going in to buy some milk.

So I responded, "I hope the cow doesn't kick."

Editor's note: The views expressed here are the author's own and do not represent the view of High Plains Journal. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...

Take a ***pill*** and ***snooze*** through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Drs. Mori & Teri White
practice cosmetic, implant
and family dentistry at
2802 8th Street,
Woodward, OK 73801

SWOSU Names 2024-25 F.K. Buster Scholars

July 22, 2024 - outhwestern Oklahoma State University (SWOSU) has named Ashton Cockrell of Cheyenne, Devin Mosser of Sayre, and Senaart (Cindy) Chanchanok of Cheyenne as the F.K. Buster Scholars for Academic Year 2024-2025.

Cockrell is a Senior at SWOSU majoring in Microbiology Medical Laboratory Science with a minor in Chemistry.

Mosser is a Freshman at SWOSU majoring in Radiologic Technologies with a minor in Business.

Chanchanok is a Senior at SWOSU majoring in Medical Laboratory Technician.

Mr. Eddie Tom Lakey, a 1969 SWOSU Alumnus and Past Chair of the SWOSU Foundation Inc, established the F.K. Buster Scholarship fund in 2004 to assist a high school graduate of Cheyenne, Reydon, Hammon, or Sayre Public Schools or any Roger Mills County high school graduate who is studying to pursue a career in the health or medical field.

Dr. Frank Kendrick Buster earned his Medical Doctorate from the University of Texas-Southwestern in Dallas. He began his medical practice in Erick, Oklahoma, before relocating to Cheyenne in 1951 where he practiced medicine for 53 years. Dr. Buster served as Roger Mills County's only doctor for many years; people would later say it took two doctors and a physician's assistant to replace him. He was not only the county's doctor but also an avid supporter and friend to all.

The F.K. Buster Scholarship Fund is stewarded by the SWOSU Foundation, Inc. The Foundation was established in 1977 to promote philanthropy, award scholarships, and distribute funds to support the activities and programs of SWOSU. For more information about The F.K. Buster Scholarship or any SWOSU Foundation funds, please contact 580-774-3267 or visit www.SWOSUFoundation.com.

Suspected Serial Burglar Arrested

July 22, 2024 - A Colorado man was arrested recently after an investigation revealed that the man along with an accomplice allegedly stole multiple items from multiple Walmarts across several states, including the store in Elk City.

Court documents show the duo allegedly stole a little over \$54,000 worth of products from the stores.

Court records show 26-year-old Noah Mastroianna of Aurora, Colorado was arrested and charged in Beckham County with one felony count of larceny of merchandise from a retailer after allegedly taking multiple items from the Elk City Walmart last month.

A probable cause affidavit said that the store's loss prevention officer reviewed security footage of the suspect along with an unidentified female suspect committing the crime.

The officer said the suspect even successfully gained access to the store's gun gun case but was not seen taking any items from it.

The document showed that the woman would conceal items inside a cooler, and then only pay for the cooler.

A court date for Mastroianna is pending.

Elk City Man Convicted – To Serve Lengthy Jail Time

July 19, 2024 - An Elk City man received a lengthy prison sentence recently after being convicted of producing and possessing child pornography.

38-year-old Timothy Steven Blaylock Junior was sentenced to 40 years in federal prison followed by supervision for life after being convicted of the crimes.

Blaylock was arrested on July 28, 2023 at an Elk City home after an investigation led authorities to discover Blaylock had produced pornography with two children and was also in possession of child pornography.

The investigation into Blaylock began days earlier when an undercover FBI agent posing as a mother of a 12-year-old girl began communicating with Blaylock through an online messaging service, which included Blaylock sharing inappropriate videos of him with minors with the undercover agent.

At one point, Elk City Police Detectives were told that Blaylock was online at the time, and the FBI had reason to believe that an assault of a child was imminent. ECPD formed an entry team and made entry into the residence, detaining the suspect and secured the scene.

Blaylock was formally charged with production of child pornography involving two victims and possession of child pornography on November 17, 2023. Ten days later Blaylock pleaded guilty and admitted to sexually abusing two minors multiple times. He admitted to filming the abuse with his phone, between March 2021 and July 2023. He also admitted to possessing other child pornography on his phone.

How A Business Makes Money

A business makes money by persuading people to be their customers.

To persuade them, you have to understand how people think and what they'll pay attention to.

Just putting information in print, or online, or on a billboard won't do it. Talking for 30 seconds on the radio or TV about what a business is selling won't do it.

Here at Paragon Communications, the real world laboratory of trial and error has taught us what works and what doesn't. We've also learned a lot by studying experts. Because of all that, we've been able to help a lot of businesses make more money.

When business owners partner with us, they're not just buying access to our audiences. They also get access to what we know how to do—persuade people.

A lot of people say they "do advertising," but the results are disappointing. Here at Paragon Communications, we don't just sell advertising. We know how to persuade people.

That's what a business has to do to make more money.

If you're interested in your business persuading people to be your customers, call the Paragon Communications Advertising Team at 580.225.9696.

We are Paragon Communications
