"Mike has a simple formula to prove the value of the oiler. "If the cattle aren't swatting flies, they are eating grass, making milk and putting pounds on the baby. And if the babies aren't swatting flies, he's retaining that weight to go to market with. That's all you've got to sell is weight of the cow."

Recession fears felt by markets

We have a lot going on in the United States now. With the big fear of a recession, a lot of the markets have taken a hit. With a lot of chaos going on in the political world, I am very concerned about our next election in November.

Jerry Nine
Woodward, OK

I am never against those

who want to make better lives for themselves or their families, but with the 11 million undocumented immigrants that have been allowed to enter the United States in the past three years, we do not have a clue who all has entered the U.S.

We have idiots who have said we won't prosecute you if you just steal under \$1,000 at a time. What kind of idiot uses that logic? What businesses can stand that kind of loss? If you tell a thief you can steal \$950 every day and nothing will happen, that person can steal \$ 346,750 a year. Wake up, America, or suffer the consequences not only for you but for your kids and grandkids, too. These are very serious times. The farther we get away from "In God We Trust," the more America will struggle and perhaps not survive.

Cattle markets have also taken a big hit. The prices are still better than most of us thought they would ever reach.

My older sister pulled up beside me and rolled down her window. I walked over to her pickup truck, and it just so happened there were several grasshoppers by her window. So of course I did what every brother should do. I captured one in my hand and released it in her pickup over by her head, thinking she would want a close-up look. She jerked back and called me stupid. She reminded me that she just had a stint put in, and she isn't supposed to jerk. I don't remember suggesting that she should jerk.

A 40-year-old cowboy came into the café on a day that was extremely hot. He announced to several other cowboy-type people that he loves this time of year. They looked at him like he was the biggest idiot they had ever seen. One of them said, "Why do you like it this hot?" He said, "Cause I can sit in the house all day and not feel guilty."

Editor's note: The views expressed here are the author's own and do not represent the view of High Plains Journal. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Clinton Man Accused of Assaulting Officers

August 20, 2024 - On Friday, August 9, a disturbance involving a Clinton man at a convenience store escalated into a violent altercation at another location in Clinton. The incident resulted in the arrest of the suspect and injuries to two police officers.

A probable cause affidavit revealed that Clinton police officers were dispatched to the store in the 1300 block of Gary Boulevard in response to a report of a person causing a disturbance. The man was later identified as 20-year-old Alexis Borjas-Ojeda. Dispatch later informed the officers that Borjas-Ojeda had fled the store and was heading east on Frisco Avenue.

Police located Borjas-Ojeda at a restaurant on Avant Avenue. It was reported that earlier in the afternoon, he had been trespassed from the restaurant at the owner’s request. Upon arrival at the restaurant, officers found the suspect engaged in a heated argument with an employee.

When officers attempted to escort him out of the restaurant, he resisted arrest, challenging the officers by asking if they planned to “use force.” Borjas-Ojeda tensed up and resisted as officers tried to subdue him. An officer took the man to the ground as the suspect kicked and struggled. During the struggle, Borjas-Ojeda allegedly bit one of the responding officers, causing injury.

In response to the bite, one of the officers delivered a compliance strike to Borjas-Ojeda’s face, which successfully stopped the attack. However, the man continued to resist as officers attempted to handcuff him, resulting in further bites and violent behavior.

More officers arrived on the scene shortly afterward and assisted in restraining Borjas-Ojeda. Despite their efforts, Borjas-Ojeda continued to kick and resist while being placed into a patrol car. Officers were eventually able to subdue him and transported him to Clinton Regional Hospital for medical clearance.

At the hospital, Borjas-Ojeda remained combative, kicking at both officers and hospital staff. He was placed in soft restraints and sedated to allow for treatment. After receiving medical clearance, Borjas-Ojeda was transported to the Custer County Jail, where he was booked on charges of assault and battery on a police officer, obstructing an officer in the discharge of his duties, resisting arrest, and trespassing.

Both officers involved in the incident were treated for bite injuries.

Moore, Hendrix Honored by Higher Education Leaders

August 19, 2024 - Twelve Oklahoma legislators and a legislative staff member were recognized by the Oklahoma State Regents for Higher Education and the Council of Presidents of Public Colleges and Universities as recipients of the 2024 Distinguished Service Awards for Higher Education.

Two recipients are from Western Oklahoma.

The awards are presented in the following categories: Deferred Maintenance, Champions of Promise, and Trailblazers.

Five legislators received Distinguished Service Awards as Trailblazers for their diligence and innovation in advancing important legislation. Along with Senator Adam Pugh, Senator Kristen Thompson, and Representative Trey Caldwell, Representative Anthony Moore of Clinton and Representative Gerrid Kendrix of Altus each worked to advance bills that supported higher education initiatives.

The Distinguished Service Awards for Higher Education recognize individuals who demonstrate extraordinary leadership and support for Oklahoma higher education during the legislative session. This is the highest award presented by the State Regents and the Council of Presidents.

How A Business Makes Money

A business makes money by persuading people to be their customers.

To persuade them, you have to understand how people think and what they'll pay attention to.

Just putting information in print, or online, or on a billboard won't do it. Talking for 30 seconds on the radio or TV about what a business is selling won't do it.

Here at Paragon Communications, the real world laboratory of trial and error has taught us what works and what doesn't. We've also learned a lot by studying experts. Because of all that, we've been able to help a lot of businesses make more money.

When business owners partner with us, they're not just buying access to our audiences. They also get access to what we know how to do—persuade people.

A lot of people say they "do advertising," but the results are disappointing. Here at Paragon Communications, we don't just sell advertising. We know how to persuade people.

That's what a business has to do to make more money.

If you're interested in your business persuading people to be your customers, call the Paragon Communications Advertising Team at 580.225.9696.
