## Things Were Better Back in the Day

**Jerry Nine**  
Woodward, OK

One term we have started using the last few years is "All Natural". That is a nice way of saying "I didn't want to go to the trouble of getting them in and vaccinating them".

Oh, I know I just made the blood pressure go up on

some cattlemen selling their cattle with no hormones. But I don't think that is without any shots. Instead of saying my boys were ornery, I should have said my boys were active.

Another thing that has changed in the past 30 to 40 years, is the fact that most big bunches of yearling heifers are "garunteed open". When I first started buying feeders for feedlots, they did not preg check their heifers. I remember one call I got from a feedlot said "look and see whose heifers you bought that brands with a T". I looked and told them who I bought them from. The feedlot said "don't you ever buy his cattle again, even if he has the best steers you have ever seen". He said "they are having several calves a day and you can't even get that good of a conta-

ception rate, even when you are trying".

My 3<sup>rd</sup> son sold his calves at the sale last week. I had bought them for him and just bought as many as we could for \$50,000. So yes, I had some plain ones on there as we bought 58 head. Naturally, when the plainest ones came into the ring, some of the buyers said out loud so I could hear "I think that kid needs another buyer". I said, "I would be glad to let you buy them and take them to your house and run them on your wheat and grass. Then the poor kid can finally run some good cattle". By the way, 5 of his steers brought \$1917/head and his 8 heifers brought \$1746/head. Not bad for him, not sure about for me?

At the sale the other day, one buyer who is about 70 year old said to another buyer, "Age takes care of a lot of things that the church gets credit for".

I saw where Taylor Swift endorsed Kamala Harris. Now I see where Coca-Cola dropped Taylor Swift because of that endorsement. I haven't drank any pop for 5 years but I believe I will have a 32 ounce Coke.

*"Editor's note: The views expressed here are the author's own and do not represent the view of High Plains Journal."*

*Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

## Update: Driver of Fatal Accident Charged

September 27, 2024 - The alleged driver of the semi that struck and killed a Granite man earlier this month has been formally charged in Beckham County District Court.

Court records show that 53-year-old Jesus Herrera of Hialeah, Florida, was formally charged on September 17 with one count of first-degree manslaughter and one count of transporting an open container of an alcoholic beverage.

Documents indicate that the late-night crash on September 12 resulted in the death of 54-year-old Christopher L. Rains of Granite after a collision between the semi and the car driven by Rains just south of Elk City.

Troopers with the Oklahoma Highway Patrol report that the accident occurred around 11:01 p.m. at the intersection of OK-6 and OK-152, approximately seven miles south of Elk City in Beckham County.

Authorities state that the 2016 Volvo semi-truck, driven by Herrera, failed to stop at a stop sign while traveling westbound on OK-152. The truck collided with the 2000 Ford Crown Victoria driven by Rains, who was heading southbound on OK-6. The semi struck the car on the driver's side.

Emergency responders from the Elk City Fire Department arrived shortly after the collision but were unable to save Rains, who was pronounced dead at the scene. Herrera was unharmed.

Authorities on the scene reported smelling alcohol on Herrera. Following the investigation, alcohol and failure to stop were determined to be major factors in the crash.

## Sayre Man Arrested for Drug Possession at Local Splash Pad

September 26, 2024 - Sayre, OK - A local Sayre man, Jose Angel Rodriguez, was arrested on charges related to drug possession after an encounter with police at the Sayre Splash Pad. According to the arrest report, Rodriguez was stopped by an officer on September 15, 2024, while walking with a backpack in the vicinity of the splash pad, an area known for recent burglaries.

Officer suspicion arose due to the recent uptick in burglaries throughout the city, with suspects frequently using backpacks to transport stolen goods. Rodriguez was questioned about any involvement in these incidents, but he denied knowing anything about local burglaries or having stolen property.

When asked if he would consent to a search of his backpack, Rodriguez voluntarily complied. Prior to the search, the officer confirmed that Rodriguez had no weapons on him through a quick frisk. However, upon further questioning, Rodriguez revealed there was marijuana in the backpack but no other drugs or paraphernalia.

During the search, Rodriguez was instructed to empty his pockets. While complying with the officer's request, he initially withheld the contents of his right pocket, raising suspicion. After repeated instructions, Rodriguez reluctantly emptied the pocket, revealing a clear plastic bag containing a substance believed to be crystal methamphetamine and a small torch lighter.

Rodriguez was immediately detained on suspicion of possessing a controlled dangerous substance, believed to be methamphetamine. He informed officers that he had found the bag while dumpster diving and that it did not belong to him.

The substance has been sent to the Oklahoma State Bureau of Investigation (OSBI) for further testing. Rodriguez now faces charges, including possession of a controlled substance within 2,000 feet of a public park and possession of drug paraphernalia.

Further details will be released as the investigation continues.

## Weatherford Man Dies Following Motorcycle Crash Involving Two Semis on I-40

September 24, 2024 - Officials have announced that an accident last week involving two semis and a motorcycle has claimed the life of a Weatherford man.

According to the collision report provided by the Oklahoma Highway Patrol, the accident, which remains under investigation, occurred on September 18 at around 5:26 PM along Interstate 40 westbound near Mile Marker 122, near El Reno.

Troopers said 51-year-old Patrick Cronk of Weatherford sustained severe injuries in the crash. He was airlifted to OU Medical Center in Oklahoma City, where he tragically succumbed to his injuries on September 22.

The other two vehicles involved in the crash were a 2020 Peterbilt and a 2025 Freightliner.

Both drivers of the semis were not injured.

OHP says the cause of the accident remains under investigation, as does the condition of both semi-truck drivers.

Investigators have noted that Cronk was not wearing a helmet at the time of the crash.

## Drs. Mori & Teri White, DDS

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
