Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Let's keep free speech a bedrock of our country

**Jerry Nine
Woodward, OK**

There is some talk about making it a crime for putting out disinformation. And who do you suppose decides what is disinformation? You are right that is whoever is in power.

I'm going to let you look that up yourself as to which side thinks that is a good

deal. To me it is very scary if freedom of speech is taken away. There are a lot of countries where they do not have freedom of speech. When we lose that we are very close to a dictatorship. I have a friend from another country who is not radical but very opinionated. I would say brain washed, but he thinks I am. He has posted a few things about his country.

His family has asked him several times not to post any-

thing about their leader or their country as they fear when he goes back home that they might kill him. Most of us have so many freedoms that we can't even imagine what it would be like to not have those freedoms. I pray every-day that the right person becomes president of the United States. I hope you will too.

We need a rain over a big area. Most of our area has a chance for rain by the weekend. I hope so as there are a lot of calves that need to go somewhere. As far as starting calves now and keeping them healthy that can be a challenge. One buyer said, "Oh, I have a starting yard that I send calves to and he knows how to keep them alive." He must be a faith healer.

A friend of mine from church who just proposed to his girlfriend also just turned 60 years old. Well this morning he missed church and I asked her where Marvin was. She said he has a knee that has been bothering him and he also hurt his hip. So naturally I was very concerned with Marvin's condition. So I texted him and said, "It seems since you got your new girlfriend that you are more crippled up. What is going on at your house?" So far he has not answered but I will keep you posted.

When I talk dirty to a woman it is sexual harassment. When a woman talks dirty to me it costs me \$3.99 a minute.

Money doesn't make you happy but it sure does make you comfortable while you are miserable.

Fatal Accident West of Clinton

October 21, 2024 - A fatal car accident occurred on Saturday morning, at approximately 9:53 AM, at the intersection of US-270 and E 780 Rd, located just east of Oakwood in Dewey County.

The accident involved two vehicles. The first, a 2018 Dodge Ram, was driven by a 16-year-old juvenile male from Norman. He was transported by Seiling EMS to Seiling Municipal Hospital, where he was treated and released. His passenger, another 16-year-old male from Calumet was flown to OU Medical Center by Air Evac. He was also treated and later released.

The second vehicle, a 2006 Nissan Altima, was driven by Jonathan Bermudez from Smyrna, Georgia. Unfortunately, Bermudez was pronounced dead at the scene. His body was transported to the Medical Examiner's Office in Oklahoma City.

A passenger in the Nissan, 34-year-old Luz Tellez Bermudez also from Smyrna, Georgia, was pinned in the vehicle for approximately 30 minutes. Emergency responders used the Jaws of Life to extricate her. She was then airlifted to OU Medical Center, where she was admitted in good condition, suffering from injuries to her arm, trunk, and legs.

The accident occurred when the southbound Dodge Ram drifted off the right side of the road. The driver overcorrected, crossing the center line and colliding head-on with the northbound Nissan Altima. The Dodge Ram overturned once, landing on its wheels.

All occupants of both vehicles were wearing seatbelts at the time of the crash.

The investigation into the accident is ongoing.

Clinton Traffic Stop Leads to Arrests for Fentanyl Trafficking

October 15, 2024 - A man and woman were arrested in Clinton for allegedly trafficking fentanyl. According to a probable cause affidavit, 47-year-old Kristi Dawn Smith of Clinton and 42-year-old Cody Pahdocony of Shawnee were taken into custody on September 6 for trafficking 2.9 grams of fentanyl.

The affidavit details that a Clinton Police Officer reported seeing a silver Hyundai traveling west on Route 66 near Golf Course Road with its passenger-side tires crossing the shoulder line. The officer received a National Crime Information Center alert indicating the car's license plate had been reported stolen, prompting a traffic stop at Fourth Street and Frisco Avenue.

The officer identified Pahdocony as the driver and Smith as the passenger. A search of the vehicle's center console by another officer reportedly uncovered a substance that was later tested and allegedly identified as fentanyl. Smith was arrested for possession of a controlled dangerous substance, though she claimed the drugs belonged to Pahdocony.

Smith was charged with trafficking illegal drugs. Pahdocony faces charges of trafficking illegal drugs, false impersonation, unauthorized use of a motor vehicle, driving under the influence, and operating without a license.
