Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your
dental appointment.

For many Americans, going to the dentist is a
frightful event. If you are one of the 145 million
people who avoid the dentist due to fear, we
have the solution... Sedation Dentistry.

You can now experience your dental appointment
through a totally relaxed and comfortable environ-
ment. With the help of Sedation Dentistry, you will
wake up to find that your dental appointment is over
and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish
more dentistry in one appointment which means fewer
visits to the dentist.

Sedation Dentistry is available for everything from
simple restoration to the most complex procedures.
We are very sensitive to our patients needs, especially
those with high fear and apprehension. Now we
can put an end to anxiety with this safe and wonderful
technique of sedation.

We are proud to be able to offer Sedation Dentistry
and offer hope to those who have been avoiding the
dentist due to fear. If you would like to know more,
call our team with your questions.

have another fire the pipe will not burn.

The two youngest boys were using the tractor and driving pipe in with the bucket. And if some of you have raised boys sometimes know there is a debate, or should I more accurately say argument, over who is on the tractor and who is holding the pipe. Needless to say one got mad and walked off and told the other one had to do it himself. After we strung the wire there were five pipe missing in the fence.

The other day I told the one to get the post hole digger and put the pipes in the fence where they should have been when it would have been easier with the tractor. After examining the five posts they were all sticking a foot too tall. So I took my son to the fence and said, "Do those five posts look the same height to you?" He responded, "It looks pretty close to me." Guess what? Pretty close was not close enough.

And yes I asked my son if I had the word stupid written on my forehead. It's probably good that he didn't answer that question.

I remember 50 years ago Dad had several of us driving steel posts in this new fence. We were taking turns driving the posts. Dad said put them in four steps apart. And by the heat of the afternoon one of our group got to where his four steps were definitely as far as he could step. That long stepper was a soon to be brother-in-law. I wonder if Dad needed fence built or thought he would drive him away?

One cattleman friend who buys a lot of calves and starts them and also has a very unique sense of humor. He showed me a picture on his phone of his dead pile. And another very sick calf had found his way close to that dead pile. He said they have gotten a lot of these cattle bred up so well that you don't even have to drag them to the dead pile. He said sure enough that one died the next day too.

OSBI Investigating Double Homicide in Granite

January 20, 2025- A Weatherford woman received a felony charge of child abuse in Custer County District Court recentlGranite, OK – On Sunday night, the District 3 Drug and Violent Crimes Task Force requested the Oklahoma State Bureau of Investigation (OSBI) to investigate a double homicide.

Shortly after 10:00 p.m., deputies responded to a residence near East County Road 1350 and State Highway 6 in Granite. Upon arrival, authorities discovered 40-year-old Ryan David Nalley and 42-year-old Christine Danielle Kirtley deceased. Preliminary findings indicate both victims sustained injuries consistent with homicide. Their remains were sent to the Office of the Chief Medical Examiner to determine the official cause and manner of death.

The OSBI is actively seeking information to identify and apprehend the individual or individuals responsible. If you were in the area or have any details that could assist the investigation, please contact the OSBI at tips@osbi.ok.gov or 1-800-522-8017.

The OSBI extends its gratitude to the District 3 Drug and Violent Crimes Task Force, Greer County Sheriff's Office, Granite Police Department, Beckham County Sheriff's Office, Oklahoma Highway Patrol, Murray County Sheriff's Office, City of Davis Police Department, and Roger Mills County Sheriff's Office for their assistance in this case.

Elk City School Board Approves Three-Year Extension for Superintendent Mike Sparks

January 15, 2025 -The Elk City School Board convened for its regular session on Monday night, making a pivotal decision regarding the district's leadership.

During an executive session, the board discussed the contract of Superintendent Mike Sparks. Following deliberations, the board approved a three-year extension to Sparks' contract, reaffirming their confidence in his leadership and dedication to the district.

Superintendent Sparks expressed heartfelt gratitude for the board's decision. "This community, board of education, and school district made my family feel very at home from the very first night I was here. I remain deeply grateful for the opportunity I was given four years ago. My daughter is graduating this year, my son is in the eighth grade, and my wife teaches here at the high school. I just couldn't have asked for a better situation for my family."

Sparks has served as Superintendent of Elk City since 2021.

In related news, the Clinton School Board also met earlier this week and approved a three-year contract extension for their superintendent, Tyler Bridges, marking a week of significant leadership decisions for area school districts.
