## Even a little bit of rain helps wheat crop

By: Jerry Nine – Woodward, Okla.

stead?” He said, “You know it rains on the just and unjust alike.” I said, “Good or I wouldn’t get any rain.” The very next day after that half inch of rain I could tell a difference in the wheat.

Monday cattle and grain futures fell and I’m guessing it has to do with tariffs on Mexico, Canada and China. Cattle gained quite a bit of it back by the end of the day with grains gaining very little back.

I am told that border crossings have slowed way down and that the Mexican government is arresting several members of the cartel. This is a very good start so maybe the government will see that progress and ease up on some tariffs. Time will tell. I have enough problem trying to run my own operation let alone the government.

Cattle still seem high to me if you are buying and, of course, never high enough if you are selling.

I went to the doctor the other day and as he was giving me a shot I said, “Now is this a lifetime shot?” He said, “I don’t know cause I don’t know how long you are going to live.”

I heard a preacher say something that we should all say about anyone else that seems to not like us or has a problem with us. We should say, “You don’t have to like me for me to like you.” How many of us can say that?

I went over to a friend’s house. I rang the doorbell and his wife came to the door. It appeared she had just gotten out of the shower as she had a towel wrapped around her. I said to her, “I will give you \$1,000 if you will drop that towel.”

She debated for a moment and then dropped the towel. So I handed her \$1,000 and said, “Oh yeah, please give the money to Jim her husband as I told her that is the money I owe him.”

*Editor’s note: The views expressed here are the author’s own and do not represent the view of High Plains Journal. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family’s ranch near Slapout, Oklahoma.*

**I**t’s amazing what a little rain will do for this wheat.

Our immediate area received close to half of an inch. With a small area south of us getting six-tenths to eight-tenths of an inch, but most of the state got very little with the northeast getting none. Maybe this is a start for all of us to get moisture.

Last week the preacher at Oklahoma City asked me if I knew where some hay was for sale that wasn’t too high. He said, “I hear they are forecasting a drought this summer.” So I texted him back and said, “Have you ever thought about just praying for rain in-

## Elk City Man Arrested for Kidnapping, Drug Possession, and Abuse of a Vulnerable Adult

March 10, 2025 – Elk City, OK – A man was arrested in Elk City on Saturday, February 22, 2025, after police responded to a distress call at an Elk Creek RV park, where a woman was reportedly locked inside a camper, crying for help. According to the probable cause affidavit, officers arrived at the scene and found the victim trapped inside a locked camper trailer. Due to the locked metal latch, authorities were unable to enter. The Elk City Fire Department was called in and had to use an axe and pry bar to force entry into the camper.

Upon gaining access, officers found the woman in a disheveled and distressed state, wearing only a dirty T-shirt, a baseball cap, and no shoes. She appeared weak, confused, and malnourished. Authorities also noted the camper was in deplorable condition, with a strong odor of human and animal waste. Two malnourished animals were removed by Elk City Animal Control Officers. Emergency responders from Elk City EMS assessed the victim, who informed them that she is diabetic. She was transported to the Great Plains Medical Center Emergency Department for further evaluation.

The camper’s occupant, identified as 53-year-old Edward James Garrett, admitted to police that he regularly locked the woman inside the camper while he was away at work, claiming it was for her “own safety” and “her own good.” He acknowledged that there were multiple exits but admitted she would not have been able to escape in her condition if an emergency, such as a fire, occurred. During the arrest, officers discovered five small clear plastic bags containing a white residue on Garrett’s person, suspected to be a controlled dangerous substance. He was taken into custody and booked into the Beckham County Detention Center. Garrett now faces multiple charges, including kidnapping, abuse/exploitation/neglect of a vulnerable adult, and possession of a controlled dangerous substance. His bond has been set at \$50,000. His next court appearance is scheduled for March 31, 2025.

## Merritt Elementary’s Stacey Barker Named Oklahoma “Teacher of the Year” Finalist

March 10, 2025 – Oklahoma City, OK – Merritt Elementary’s own Stacey Barker has been named a finalist for the 2025 Oklahoma Teacher of the Year, an honor recognizing outstanding educators across the state. Barker is one of ten teachers selected for their dedication and excellence in the classroom.

State Superintendent Ryan Walters announced the finalists last week, praising them as “the very best of Oklahoma education.” He highlighted their passion for student success and their role in setting high standards for educators statewide. Barker, known for her commitment to creating a positive and engaging learning environment, was first selected as Teacher of the Year at Merritt Elementary before advancing through the district-level nomination process. She will now be evaluated by a panel of Oklahomans who will determine the state’s overall Teacher of the Year. The winner will be revealed at the InspireOK event in July, where the top educator will be honored for their contributions to Oklahoma’s students.

## UPDATE: Possible “Crime of Passion” In Clinton Shooting Death

March 10, 2025 – Clinton, OK – A probable cause affidavit revealed more details surrounding the shooting death of a Clinton man last week.

According to the court document, just before 12:30 a.m. on March 4, Clinton Police responded to reports of gunfire at the Primavera Apartments, located near South 28th Street and West Hayes Avenue. Upon arrival, officers learned that 32-year-old Jesse Mendoza had been shot in the abdomen inside his apartment. Mendoza was transported to a local hospital, where he later succumbed to his injuries. According to investigators, Mendoza was in a relationship with the suspected shooter’s ex-girlfriend, and the two lived together at the apartment complex. Surveillance footage captured a woman approaching the apartment with an individual wearing a brown jacket and black ski mask. Moments later, Mendoza was heard on the same Ring doorbell camera shouting, “Joe, why’d you do that? Oh f\*\*\*, I’ve been shot, call an ambulance!” A neighbor exited his apartment and saw the aftermath of the shooting before driving Mendoza to the hospital.

Clinton police interviewed both women at the hospital. Initially hesitant to reveal details, they eventually identified Hill’s ex-boyfriend, 28-year-old Joseph Tyler Layton, as the shooter. Mendoza, in his final moments, also reportedly muttered “Joe” when asked who shot him. Investigators later determined he was shot with a .38-caliber firearm. The Custer County District Attorney’s Office filed a first-degree murder charge against Layton, and an arrest warrant was issued. By 6:00 p.m. that evening, the Oklahoma Highway Patrol (OHP) located Layton in Clinton and initiated a traffic stop. During the encounter, an officer-involved shooting occurred. Layton, who was found to be in possession of a handgun, was shot and pronounced dead at the scene despite life-saving measures from troopers and medical personnel. No other injuries were reported. The OSBI continues to investigate Mendoza’s homicide, while the Oklahoma Department of Public Safety is reviewing the officer-involved shooting.

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

*Drs. Mori & Teri White*
