Easter is a time to reflect on life

by: Jerry Nine – Woodward, Okla.

is at my house with repair bills, interest, gas and lots of other expenses.

I did like to hear that Nvidia revealed plans to manufacture artificial intelligence chips in the United States. The semiconductor giant said it has commissioned more than 1 million square feet of manufacturing space in Arizona and Texas. Wouldn't it be nice if we didn't have to depend on China for all our chips?

We have another chance for rain so I hope and pray we get it.

The cashier at Walmart told me "strip down facing me" and by the time I realized she meant the debit card it was too late.

There is a young couple in town that had twins about a year ago. I asked them how they were doing and asked if they had adjusted to their new life. The husband said it's a lot like having two dogs in the house. If one barks, then the other one barks too.

Editor's note: The views expressed here are the author's own and do not represent the view of High Plains Journal. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

I have been watching a show called "The Chosen". There are several episodes to this drama that is about the life of Jesus Christ and the last episode showed where Judas betrayed him.

As we get ready for Easter some view it only as a holiday to get together with friends and family while others reflect on the true meaning. Even if this is not your belief, I hope you believe in something. The older we get most of us realize that life goes very fast. And every time I look up it seems like another year has passed. This life, whether we like it or not, will be like a blinking light as far as our length of years on earth compared to eternity.

The cattle market is still rolling very good with a few setbacks from fears of tariffs and uncertainty. But it seems to bounce right back. If you don't think it is a great market then go to the cattle auction and try to buy something that you think is worth the money. Cattle are not higher than they should be considering the costs of everything else. At least that is how it

Clinton Couple Charged with Burglary and Assault in Stabbing Incident

April 21, 2025 • Clinton, OK – A Clinton pair is facing serious charges following a violent home invasion that left one victim hospitalized. Fifty-four-year-old William Lee Pedro III and twenty-one-year-old Lanie Marie Stratton were formally charged in Custer County District Court with first-degree burglary and assault with a dangerous weapon, following an alleged attack on a man at his residence on April 13. According to court documents, Pedro and Stratton allegedly entered the home unlawfully on 16th Street in Clinton. The pair reportedly forced their way in through the front door. Once inside, Pedro is accused of stabbing the victim in the back with a butterfly knife, causing bodily harm. Officers were dispatched to the scene shortly after the incident and reportedly found the victim lying on his couch. The victim told police that Pedro and Stratton entered his home without permission, and the stabbing occurred shortly after. The pair then fled the scene. Police obtained a search warrant and later located the suspects at a nearby trailer, where both were taken into custody. The knife believed to have been used in the assault was recovered at that time. Further court records show that Pedro has multiple prior felony convictions. Due to his criminal history, prosecutors have filed supplemental charges under Oklahoma's repeat offender statute, which could result in a sentence of 20 years to life in prison if convicted. Pedro is currently being held on a \$150,000 bond, while Stratton's bond was set at \$100,000. Both have been ordered to have no contact with the victim.

Woods County Land Auction Wed., May 21st • 10 a.m.

Auction Location: From Waynoka, Go North on Highway 14 for 6.6 miles then West on Dewey Road for 5 miles.

This is a beautiful property with good grazing native grass and some love grass on the south end. There is a small wheat field on the south 80 and along the south fence line is a beautiful tree row and an electric line. A water well and windmill are on the west side. On the north 80 there is an intermittent creek system running through in a northwest direction with a water hole in a creek bed on the NE corner of the property. This area of the property is known for very good hunting. The east side has a flat grass field that could also be a hay field. This L shaped tract of land has good county road access on the east side with good exterior fencing. With good grazing, good hunting and close to town this tract of land checks all the boxes!
