WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a ***pill*** and ***snooze*** through your
dental appointment.

For many Americans, going to the dentist is a
frightful event. If you are one of the 145 million
people who avoid the dentist due to fear, we
have the solution... Sedation Dentistry.

You can now experience your dental appointment
through a totally relaxed and comfortable environ-
ment. With the help of Sedation Dentistry, you will
wake up to find that your dental appointment is over
and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish
more dentistry in one appointment which means fewer
visits to the dentist.

Sedation Dentistry is available for everything from
simple restoration to the most complex procedures.
We are very sensitive to our patients needs, especial-
ly those with high fear and apprehension. Now we
can put an end to anxiety with this safe and wonderful
technique of sedation.

We are proud to be able to offer Sedation Dentistry
and offer hope to those who have been avoiding the
dentist due to fear. If you would like to know more,
call our team with your questions.

At some point cattle prices will change direction

by: Jerry Nine – Woodward, Okla.
profits ever again.

However, at noon Monday, I looked at the cattle futures and they are all up again. I can't believe it. The word "High" is often just higher than we are use to. I guess I just fear if and when we tumble that it will knock out a lot of cattlemen. I put on several feeder cattle insurance contracts for protection and it is at a lot lower figure than we are today. However, after I donate my insurance money it looks like I will still get to enjoy a very high market.

We were short of moisture earlier compared to the rest of the state; however, in some spots we have been fortunate to catch several small rains. I have one pasture that was in the right spot that has the best grass I have seen there in 40 years. And a few miles from there the cane field looks mediocre or worse.

I was loading cattle this morning where the grandpa, son and grandson were at. The 4-year-old grandson got on the gate and grandpa was swinging him around and laughing with his grandson. The son said, "When I was his age Dad always hollered 'Get off the gate you will make it sag.'"

I saw a post that said on marriages between a man and woman 49% get a divorce. Between two men only 29% get a divorce. And between two women 72% get a divorce. It said, "ladies we men are not the problem."

Editor's note: The views expressed here are the author's own and do not represent the view of High Plains Journal. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Urgent and Ancillary Care Now Closer to Home With GPRMC's New Sayre Clinic

August 4, 2025 • GPRMC Press Release • Sayre, OK — Expanding access to health care for residents in western Oklahoma, Great Plains Regional Medical Center (GPRMC) today opened an urgent care and general medical clinic in Sayre, Okla.

Located at 1415 N Watts in Sayre, the clinic is open from 7 a.m. to 7 p.m. Monday through Friday and will provide a full range of urgent and routine care for patients of all ages, using cutting-edge technology and advanced medical and imaging services. The Sayre clinic will be staffed by experienced nurse practitioners including Kelleena Duran, APRN; Michael Spieker, APRN; and Robyn Weston, APRN. The clinic's extended weekday hours are designed to offer added flexibility for working families and individuals who need care without the long wait times of an emergency room. "We are committed to expanding high-quality, accessible care to the communities we serve," said Corey Lively, GPRMC CEO. "Opening this clinic in Sayre helps us reach more families and individuals who need specialized medical services close to home." Sayre, the county seat of Beckham County, has been without advanced medical services for many years after the community's hospital closed in 2016. As the most comprehensive health care provider in the western half of the state, GPRMC is expanding its presence to bring vital medical care closer to the residents it serves.

"We work closely to complement family physicians who practice in the communities surrounding our hospital and are excited to offer these advanced medical services to the patients they serve with care and compassion," said Lively. For more information about the Sayre clinic or GPRMC's full range of services, visit gprmc.com or call 580-225-2511.

Great Plains Regional Medical Center is the largest health care provider in Western Oklahoma offering a full range of medical services, including the region's most comprehensive obstetrics and women's health departments. Based in Elk City, GPRMC is home to 50 physicians who deliver high-quality, cost-effective care across 25 general and specialty areas. GPRMC operates Western Oklahoma's only physician-staffed, 24-hour emergency department and the only 24-hour general and orthopedic surgery centers in the region. As a nonprofit hospital accredited by The Joint Commission, GPRMC is committed to meeting the highest standards in patient care. Learn more at gprmc-ok.com.

Multi-Agency Manhunt Leads to Arrest, Drug Bust in Washita County

August 4, 2025 • Washita County, OK – A recent multi-agency manhunt ended with one arrest and a drug discovery, thanks in part to quick collaboration and sharp canine instincts, according to Beckham County Sheriff Derek Manning.

The incident began with a vehicle pursuit that crossed county lines and turned into a foot chase when the suspect bailed out and ran into the countryside. Initial information linked the vehicle to a possibly armed and dangerous person from out of state. However, Sheriff Manning said it was later determined that the individual was a local resident with no outstanding warrants. Washita County officials requested assistance from Beckham County, prompting the deployment of their K-9 unit and additional personnel. Multiple agencies joined the search, including Cordell Police, Custer County Sheriff's Office, and the Oklahoma Highway Patrol.

"Agencies working together around here is a huge deal," said Manning. "One agency usually doesn't have enough people to securely create a perimeter and conduct a proper search. Cooperation is vital."

Beckham County K-9 Deputy Kyle Oliver was part of the team. As they passed the suspect's abandoned vehicle, the dog alerted—indicating the presence of drugs. Deputies secured the vehicle while the manhunt continued.

Following the trail, the K-9 unit led law enforcement to a creek bed covered in heavy brush, where they waited for daybreak. The suspect was found and taken into custody without incident.

A subsequent search of the vehicle confirmed the K-9's alert. Deputies found illegal drugs and drug paraphernalia inside.

Sheriff Manning praised all the agencies involved. "It's not just us going to help them—we get the same kind of support when we need it. I appreciate that they feel comfortable calling us, and I'm proud of my guys for jumping in without hesitation."

No injuries were reported.
