A Lot of Hurting: Buying Cattle You Sold & the Mexican Cattle Market

by: Jerry Nine – Woodward, Okla.

A lot of interesting things happen at a livestock auction. One buyer was telling me that another buyer had bought a set of feeder heifers that were not guaranteed open. When he had the veterinarian preg check them, they were all bred. So he resold them to a second buyer and did not say anything, and when the second buyer preg checked them and found they were bred, he took them to another sale barn. When he did, the original buyer bought them again and decided to complain to the second buyer about the heifers being bred. The second buyer reminded him “Hey, I only bought them once, but you bought them twice.”

The U.S Department of Agriculture will be spending up to \$750 million to build a facility in Texas that produces sterile flies to combat the New World Screwworm. Secretary Rollins also said the US/Mexico boarder will stay closed until the screwworm was pushed further south into Mexico. I did a little checking on what the

rancher’s requirements were to deliver cattle to the boarder and was told that their cattle has to have a health permit that was no older than 45 days old.

This makes sense why when the US opened the boarder for a short time, why there was not an overload of cattle. Plus, you would be taking a risk on getting your cattle to that point, then the boarder closes again when you get there. This closing had definitely helped our fat cattle and feeder cattle market. I’m sure though that this closure has devastated the Mexican Cattle Ranchers. To add to the devastation, a lot of Texas feedyards have solely and heavily relied on the Mexican calves and feeder cattle.

A lot of people get set in their ways and hate change. Remember, if some people had never had a vision, we might still be riding in a buggy. And how about living without electricity? Indoor plumbing?

My dad said as a kid he could farm all day and still jump over whatever he farmed. Heck, most of us get tired with a 45 foot sweep.

Remember in Heaven, there are no step-sons or step-daughters.

If at first you don’t succeed, then skydiving is not for you.

Editor’s note: The views expressed here are the author’s own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family’s ranch near Slapout, Oklahoma.

WIND AND RAIN
CATTLE MINERAL

Wind and Rain® Mineral with Fly Control is specially formulated with Altosid® to prevent horn fly breeding in manure. It also prevents water retention, clumping, and bricking, ensuring your cattle get all 14 essential minerals and vitamins in any weather. All for pennies a day. Come by or give us a call to find out how to keep your herd healthy and fly-free!

Lightning Storm Sparks Fires, Disables Vehicles in Beckham County

August 18, 2025 • Beckham County, OK – A severe lightning storm that swept through Beckham County on Sunday night left behind scattered grass fires and even disabled vehicles on Interstate 40, according to Sheriff Derek Manning.

“It was a pretty extreme lightning storm and it hit throughout the county,” Manning said. “As the storm came through we had, I think, four calls about grass fires and I know at least two or three of them mentioned lightning started them... I would imagine all four of them were probably started by lightning.” The fires broke out across the central and northwestern parts of the county. Manning said rain falling during the storm likely kept the flames from spreading and helped firefighters quickly gain control. In one case, a deputy arrived to find rain had already extinguished the fire.

Manning noted that tall summer grass is becoming a concern. “It’s starting to get to that length where it’s a danger,” he said. While the grass fires caused little damage, the sheriff said a rare and dangerous situation unfolded on I-40 just outside Elk City when a lightning strike hit both a pickup pulling a boat and a semi-truck traveling side by side.

“I’ve seen some close calls and maybe actual strikes, but I’ve never seen a lightning strike out on the interstate hitting vehicles traveling down the road that actually took the vehicles out of commission,” Manning said. The strike blew out the pickup’s sunroof, bent part of its frame, broke the windshield, and knocked off its antenna. The driver reported that the steering wheel was “extremely hot” after the strike. The semi-truck’s electronics were also disabled.

Deputies and fire crews responded quickly, moving the occupants to safety while a wrecker hauled the disabled vehicles from the roadway. The pickup’s driver told deputies he planned to replace his truck the following day after spending the night at a motel in Elk City.

Manning called the incident “pretty impressive” and said the lightning damage served as a reminder of the power of summer storms in western Oklahoma.

Local Sales Tax Numbers Show Mixed Results Across Western Oklahoma

August 11, 2025 • Oklahoma City, OK – The latest sales tax report is in, reflecting actual sales from June 16 to 30 and estimated sales from July 1 to 15. Compared to the same period in 2024, most area towns posted gains — with a few exceptions.

Elk City led the region in total collections with \$1,429,800.20, an 8.8% increase over last year. Weatherford saw a modest 1.3% bump, bringing in \$1,082,655.48. Clinton’s numbers dipped slightly by 1.2%, collecting \$562,475.21.

By comparison, Altus and Woodward both posted solid gains — Altus up 7.4% to \$1,164,393.27, and Woodward up 7.6% to \$1,153,045.91. Sayre saw a sharper drop, down 8.7% at \$123,674.61. Smaller communities in the area saw Sayre down 8.7% at \$123,674.61. Mangum had the largest percentage jump, climbing 25% to \$60,842.51. Cordell also saw a healthy increase of 2.9%, with \$99,092.51 collected.

Statewide, Oklahoma brought in \$253,345,460.97, a 7.8% year-over-year increase.

Weatherford Woman Injured in I-40 Ramp Crash

August 19, 2025 • Custer County, OK – A Weatherford woman was injured Monday evening in a single-vehicle crash on the eastbound on-ramp to Interstate 40 at mile marker 82.

According to the Oklahoma Highway Patrol, the crash happened at about 5:05 p.m. when a commercial vehicle driven by 20-year-old Adhara J. Dobbs failed to negotiate a curve on the on-ramp. The truck left the roadway to the right and struck a support structure beneath the I-40 westbound bridge.

Dobbs was the only occupant of the vehicle. Troopers reported she was not wearing a seatbelt at the time of the collision and had sustained injuries.

The crash was investigated by Troop H. OHP noted that the information is preliminary and subject to change as the investigation continues.

Dr. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a pill and snooze through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Dr. Mori & Teri White
