## Keep an objective view of the cattle market

by: Jerry Nine – Woodward, Okla.

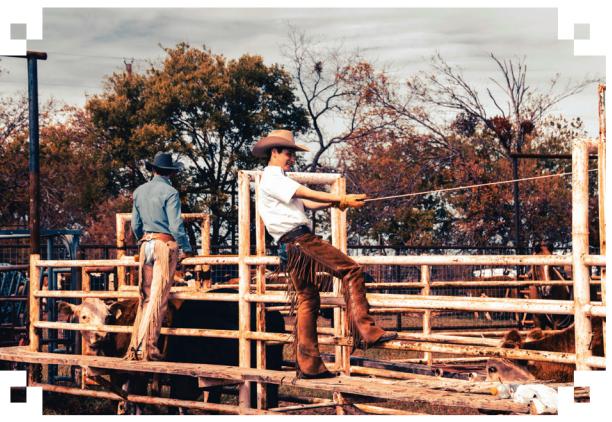

Land prices in our area have gotten a lot higher as they have in many areas. I was telling my boys that around 1975 I bought 320 acres of land that had an older house on it plus got some minerals for \$66,000, which is \$206.25 per acre. Today you are lucky if you can buy a pickup for that amount that won't be worth much in a few years.

Dad told me when he was young he could have bought a lot of land for \$6 to \$10 per acre, but he didn't have the money and couldn't borrow it. Dad also told me the difference between when he was trying to get started and when I was trying to get started was for him he couldn't borrow money or had to have something, but it was a little easier 30 years later. We let a lot of good information go to the grave with that generation.

In 1901, a neighbor got a white bull that came in a crate from France on the train and I believe the bull was delivered to Englewood, Kansas. So he took his mules and wagon and drove them to Englewood to get the bull. I wished I could have asked him whether they drove him back to south of Gate, Oklahoma, or whether they put the bull back in the crate on the wagon.

In 2023, when I still had the livestock auction a cattleman still had a white bull—a descendant from that original bull. His neighbor had all black cattle and would have preferred to keep them black, not white, but that's another story.

*Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

Possession is the name of the game or so it seems at the cattle auction. We have seen that before like in 2014, but a year or so later refinancing was the name of the game.

Don't get me wrong I think we are in good shape as far as the market outlook and these prices are at levels most of us never thought possible. But always remember when the market is going up there are always people predicting it will go even higher. The same holds true when it is going down there are always people predicting it will go lower.

Don't build your faith off someone else and particularly don't build your faith off the loudest person at the convenience store who is always trying to tell you how smart he is.

We are very blessed in our area as far as moisture. Often this time of year we are needing a rain. I live close to the line that divides the Oklahoma panhandle from the rest of the state and a lot of years if you go east 100 miles or southeast it seems those regions normally get more rain.

## Drs. Mori & Teri White, DDS

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

## Minco Softball Team Bus Overturns After Striking Deer on SH-152

September 9, 2025 - Caddo County, OK - A school bus carrying the Minco High School fast pitch softball team overturned Monday night after colliding with a deer along State Highway 152, according to the Oklahoma Highway Patrol.

Troopers say the crash happened at 7:56 p.m. on SH-152 near County Street 2760 in Caddo County. The bus, driven by 38-year-old Cody A. Schmidt of Tuttle, was headed eastbound when it struck a deer in the roadway. The impact caused the bus to veer off the left side of the highway and overturn one complete time.

Schmidt, who was injured in the crash, was not wearing a seatbelt, OHP reported. There were 17 passengers on board, all members of the Minco High School softball team. Six students sustained injuries. No fatalities were reported.

Next of kin have been notified, and the investigation is ongoing. OHP noted that details released are preliminary and subject to change as the investigation continues.

## Cheyenne Man Arrested After Police Chase on Stolen Mini-Bike

September 9, 2025 - Elk City, OK - A Cheyenne man is facing multiple felony charges after allegedly stealing a mini-bike from Tractor Supply in Elk City and leading law enforcement on a chase through Beckham County.

According to a probable cause affidavit filed in Beckham County District Court, 30-year-old Joshua Carl Stanfield was arrested on August 29 after deputies said he stole a Coleman B200rs Mini-bike from a farm and garden store on West 3rd Street. Witnesses told police they saw Stanfield pushing the bike away from the store before riding off westbound.

Deputies with the Beckham County Sheriff's Office and Elk City Police quickly spotted Stanfield riding the stolen mini-bike at speeds of up to 30 mph. Officers say he swerved into oncoming lanes, disregarded traffic, and ignored commands to stop. At one point, law enforcement established a roadblock, but Stanfield reportedly maneuvered around it and continued fleeing.

The pursuit ended near the intersection of County Roads 1100 and 1040 when Stanfield lost control and crashed into a grassy area. Deputies say he continued on foot, jumping a metal fence and attempting to escape through a private pasture before being taken into custody.

Investigators later found an empty gasoline can and other stolen property behind an abandoned building where Stanfield was seen before the chase. Store employees confirmed the mini-bike had not been fueled prior to the theft, leading officers to believe Stanfield staged the items to aid his getaway.

Stanfield is charged with larceny of an automobile or motor vehicle, eluding a police officer, and willfully avoiding roadblocks set by peace officers. He was booked into the Beckham County Jail.

Bond was set at \$10,000. His next court date is scheduled for October 27.
