Grace, Grit, and the Cattle Market Report

by: Jerry Nine – Woodward, Okla.

cross, He said, "Father, forgive them, for they know not what they do." In a quiet voice, she said, "I forgive the young man that took my husband's life." Usha Vance, the Second Lady of the United States, was with her shortly after, and she confided to Usha that she didn't know how she was going to be able to handle this. Usha said, "Yes you can, by taking it 15 minutes at a time." Erika Kirk reminded us that with this tragedy, unlike many others in the past, there were no buildings burned and no retaliation. What a strong and beautiful woman, inside and out, to be able to say, "I forgive my husband's killer."

If you can outguess this cattle futures market, then no doubt you are a lot smarter than I am. Oh well, you knew that anyway. On Monday, September feeders went up \$3.57 cwt, then the rest of the months were from \$7.25 to \$9.25 higher. And most fat cattle futures were up \$3.57 to \$4.90 higher.

The Cattle on Feed report showed 99 on feed, with placements at 90% and marketings at 86%. Keep in mind, on placements not all of them get fat. I figure 2% probably die, or am I the only one that has fat cattle die in the feedlot?

A friend of mine is a lot older than his wife. My friend went to the doctor and told him, "My wife is only 30 years old, and I am 82. Now Doc, I want to tell you that my wife is pregnant." The doctor responded by telling a story about a hunter who accidentally grabbed his umbrella instead of his gun and pointed it at a bear, which then dropped dead. The old man said, "That's impossible, someone else must have shot the bear." The doctor said, "That is my point exactly."

Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

CATTLE MINERAL

Wind and Rain® Mineral with Fly Control is specially formulated with Altosid® to prevent horn fly breeding in manure. It also prevents water retention, clumping, and bricking, ensuring your cattle get all 14 essential minerals and vitamins in any weather. All for pennies a day. Come by or give us a call to find out how to keep your herd healthy and fly-free!

Canute Day Returns Sept. 27 with Many Events

September 19, 2025 • Canute, OK — The community will gather on Saturday, Sept. 27, 2025, for the annual Canute Day, presented by Canute Preservation & Restoration. The celebration runs from 8 a.m. to 10 p.m. at Canute Park and features a lineup of activities for all ages.

The day kicks off with a 5K and 2-mile fun run at 8 a.m. Runners can fuel up afterward with beignets and mimosas at Friends Pub & Pizza from 8 to 10 a.m.

At 10 a.m., the traditional parade rolls down Route 66 through town, followed by food trucks, vendors, and family-friendly activities opening up around 11 a.m.

A silent auction will take place from 12 to 6 p.m. at the Pavilion, with proceeds going toward Canute Preservation & Restoration. At the same time, an afternoon golf cart poker run will also benefit CPR66, with times to be announced.

From 2 to 4 p.m., the Canute Heritage Center will host history storytelling and a heritage quilt show, giving visitors a chance to connect with the town’s past.

Live entertainment will play throughout the afternoon, leading into an evening band and dance from 6 to 10 p.m.

Families can also enjoy an 8 p.m. movie at Regeneration Youth Ministry (RYM), followed by a fireworks show at 9:30 p.m., sponsored by the Canute Lions Club.

Event updates and announcements will be shared on the Canute Day Facebook page as the celebration approaches.

Rep. Archer Elected Vice Chair of Energy Council

September 19, 2025 • Anchorage, AK – During The Energy Council’s annual meeting in Anchorage, Alaska, it was announced that Rep. Nick Archer (R-Elk City) has been elected vice chair of the council.

The Energy Council is an international, nonpartisan organization focused on energy policy.

Archer is set to take over as chair for the 2026–2027 term.

“I’m honored to serve as vice chair of The Energy Council,” Archer said. “Oklahoma has long been a leader in powering our nation, and energy remains a top industry in our state. I look forward to working with colleagues from across the country and beyond to promote an energy infrastructure that strengthens our economy, ensures reliability, and secures America’s energy future.”

Archer has served on the Council’s Executive Committee since February and has been a member since 2021.

In the Oklahoma House, he chairs the House Energy Committee and also serves on the House Energy and Natural Resources Oversight Committee. Archer has represented House District 55 in western Oklahoma since 2022.

Fall SWOSU Enrollment Continues to Grow

September 19, 2025 • SWOSU Press Release • Weatherford, OK – Southwestern Oklahoma State University (SWOSU) has enrolled 5,194 students for the Fall 2025 semester, with students taking a combined 58,418 credit hours. Enrollment continues to grow in areas such as concurrent enrollment, transfer students, and health-related degree programs, reflecting SWOSU’s stability and its role in expanding access to higher education across Oklahoma.

The incoming class includes 831 first-time full-time freshmen and 846 high school students participating in concurrent enrollment. SWOSU’s program provides students with the opportunity to earn college credit while still in high school.

Transfer students also remain a significant part of SWOSU’s enrollment, with 1,557 students continuing their education at SWOSU this fall. The university’s transfer process is designed to help students carry forward as much coursework as possible, making degree completion more efficient and affordable.

“The enrollment for this fall reflects the hard work of many across campus, including the offices of Admissions and Recruitment and Academic Records, who help students apply, enroll, and connect with the right program leading to a fulfilling career opportunity,” said Diane Fitzsimmons of the SWOSU Institutional Research Department.

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your
dental appointment.

For many Americans, going to the dentist is a
frightful event. If you are one of the 145 million
people who avoid the dentist due to fear, we
have the solution... Sedation Dentistry.

You can now experience your dental appointment
through a totally relaxed and comfortable environ-
ment. With the help of Sedation Dentistry, you will
wake up to find that your dental appointment is over
and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish
more dentistry in one appointment which means fewer
visits to the dentist.

Sedation Dentistry is available for everything from
simple restoration to the most complex procedures.
We are very sensitive to our patients needs, especial-
ly those with high fear and apprehension. Now we
can put an end to anxiety with this safe and wonderful
technique of sedation.
