Futures, Fear & Fall Calves

by: Jerry Nine – Woodward, Okla.

With the futures falling hard last friday I was afraid this time that the would follow thru lower the following day, Three times before in the past few months we had basically went down the limit but recovered shortly but this time I guess it brought out more fear. Trump had said beef was too high but if we are going to check on things to high there are lots of things high. Repair about knocks my head off every month, how about potato chips compare them to beef and then see which one is a lot better for you. Anyway futures were basically the limit lower on Monday even with those expanded limits. Almost always the fear of something whether it be Mad Cow or Dairy Buyout is worse early with the initial reaction than the actual problem. The talk of opening the Mexican border well we all knew it might open soon.

And to cross the border they have to have at least a 30 days health permit before they can cross so with that in mind you are looking for those cattle about 7 months later before they can be fat cattle ready to slaughter.

If anyone else wants to think positive at least our area received some very nice rain. I got 2.85 inches at my house with some getting more and some less.

With the word socialism coming up more often in the political arena you might want to think about a quote that Billy Graham a christian evangelist said he said Socialism is Satan's religion.

If you go to a sale barn now the most common talk is about all these calves getting sick, And I can attest to that. I thought to myself if I buy another calf in September or October off the cow I hope someone will

Knock me upside the head. But now that I think about it let me pick the guy to do that. I guess I should look on the bright side I still own a vet store.

A teenage boy told his friend he asked his Dad about how to figure out girls. His Dad said Son I don't know anything about them either.

If you want to be remember by a lot of people after you die then borrow money from everyone you know.

Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Elk City man loses control on wet I-40

October 26, 2025 • Elk City, OK – A 27-year-old Elk City man was injured Saturday afternoon in a single-vehicle crash on Interstate 40 eastbound at mile marker 38 in Beckham County, according to the Oklahoma Highway Patrol.

Troopers said Brandin R. Williamson was traveling east at a high rate of speed about 2:55 p.m. when his vehicle lost traction on a wet roadway, left the

roadway to the right, and struck a guardrail. Williamson was ejected about 20 feet from where the vehicle came to rest.

OHP reported he was injured but not deceased. No other vehicles or passengers were involved. Troopers noted seat belts were not in use. Next of kin has been notified.

The crash was investigated by OHP Troop H.

Detective’s persistence leads to recovery of stolen property in Elk City

October 27, 2025 • Elk City, OK — A Beckham County Sheriff’s Office detective recovered stolen property tied to an older theft and burglary from the Sayre area, after tracking leads to a home in Elk City.

Sheriff Derek Manning credited the detective’s persistence for the break in the case.

“Yeah, so one of my detectives did just a fantastic job. This is from a theft and burglary that occurred quite some time ago in the Sayre area. He recovered the property in Elk City that was just the result of him being tenacious is about

the best way I can describe it,” Manning said.

According to Manning, the detective believed local individuals were involved and kept pressing leads until the property was found “sitting actually in the front yard of a house over on one of the side streets here in Elk City.”

Deputies are now working to determine if additional stolen items can be recovered. Manning said more arrests are likely as the investigation continues.

“So there probably be some other arrests forthcoming on that case and just a good job from that detective staying after it,” he

said. “You know it’s because it’s important to people when somebody takes your stuff, that’s, you know, it just makes you feel a certain way that’s hard to describe it. I’ve heard people use the word violated and I guess that’s about as close to anything. You know, that’s somebody came to your place and took it and so we take that seriously and this detective took it very seriously and followed through and got some results so I’m proud of that.”
