Marriage, Licenses, and Life Lessons

by: Jerry Nine – Woodward, Okla.

There's a law on the books that requires all men to be approved and issued a marriage license before they can legally marry. It also states that all women should be issued a driver's license shortly after their sixteenth birthday. So far so good right. Now here's where the problem begins. Somewhere in the rules and regulations of the marriage license it states that all married men are to surrender their drivers license. Why? Because they don't need it anymore. Any man that's married knows that women are much better drivers than men. After all, they know where they're going before they leave home.

Here's another fact. In a household where there is a married couple, there is only one remote control. Guess who has it? And it's not the man.

Here's another issue. If a man loses his driver's license, he gets another one right away. If a man loses his marriage license, he's in big trouble. If he loses both, he's in deep trouble. So you see, it's not easy being a man.

Here's the truth. A good number of people throughout the world are married, whether they like it or not. Some are under control, some are out of control. Some are trying to get control. Some are trying to gain control. When it comes to control, women are the masters. Men are just the students.

Now on the subject of marriage, men are not perfect and neither are women. If they were perfect, they wouldn't need to get married. Now if you think I'm wrong, just ask anyone who has

been married more than once. They'll tell you the first one is practice, the second one is experience, and the third one is desperation. That's not my opinion, that's just what I've heard.

When I became a Christian, my wife became my first mate, and Jesus my captain. I just hope she doesn't ask for a transfer.

Do you know why men pass gas more than women? It's because women won't shut up long enough to build up the pressure.

One more thing before I go. Remember all you cowboy friends out there, real cowboys don't drive fancy cars. They drive pickups. When you see someone driving a pickup, you can bet that person has picked up something, or someone, or both. So long partners, and remember, making a small deposit or a pickup.

Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Sheriff Manning: Suspects Identified in Farm Burglary Near Sayre, urges simple steps to deter thieves

November 10, 2025 • Sayre, OK — Beckham County Sheriff Derek Manning says his office is investigating a recent burglary at a farm just outside Sayre, where intruders forced entry into a barn and an outbuilding and took equipment. Manning said the location had been hit before and that investigators have identified suspects and are working to gather enough evidence for potential arrests.

"They broke into a barn and outbuilding there and got some equipment things out of the barn," Manning said. "We do have suspects in that burglary, and we're working on that case right now."

Manning emphasized that many property crimes are crimes of opportunity. "Make sure things are locked up,"

he said. "A lot of times these guys are thieves of opportunity. They are looking for the easiest opportunities, quick in and out, no noise, and no one seeing them."

He noted that visible effort to secure buildings often causes offenders to move on. "If a place is locked, it's going to get bypassed a little more often than the ones where they can pull the door open or defeat a flimsy lock," Manning said.

Prevention tips from Sheriff Manning:

- Lock barns, shops, sheds, and vehicles. Use sturdy locks.
- Reduce "easy target" signs (unlocked doors, weak hasps, clutter that hides offenders).
- Add game cameras on rural property. Modern units can send phone alerts.

If you suspect tampering or have a repeat-hit location, the Sheriff's Office can place cameras to gather evidence.

Report suspicious activity promptly.

"Game cameras are cheap and easy to set up," Manning said. "Many will notify your phone when somebody shows up on them." He added that solving one burglary often leads to clearing several related crimes.

Anyone with information about the Sayre-area case, or who needs help with crime-prevention options like camera placement, is asked to contact the Beckham County Sheriff's Office.

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
