Calves and Hard Lessons

by: Jerry Nine – Woodward, Okla.

A friend of mine texted me and said, “Did you make it home from the city yet?” I said, “No not yet.” He said, “Well drive safe cowboy. I said, “I am. I am steering my pickup with my knee, texting you with one hand and also eating a cookie with that same hand, and scratching my rear with the other hand that the cookie is in. Seems safe enough for me.”

Monday feeder cattle futures were \$4.00 to \$5.00 cwt., higher after you get past November feeders. Most fat cattle futures were up \$2.00 cwt..

Most everyone you talk to that buys a lot of calves in the fall have had a wreck as far as starting calves. Either most of us need to quit buying calves off the cow in September and October or make sure they have had 2 rounds of shots and no I don’t mean just 2 rounds of blackleg.

I saw several sets of calves weaned 30 days, where quite a few sets had some already sick. If you think from one week weaned to 30 days is great then go buy several at the sale like that. I bet your wife and kids will learn some new cuss words.

I don’t mind doctoring some if the calves will respond, but I hate doctoring them when they absolutely won’t get well and die.

Oh yeah, on buying those short weaned ones be sure on the way home from the vet supply store, stop by the hardware store and get a log chain.

You mark my word, next year you will notice a lot of difference between long weaned and not.

Hey! Vaccine makers, how about coming up with a vaccine that works next year!

Editor’s note: The views expressed here are the author’s own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family’s ranch near Slapout, Oklahoma.

Update on Weatherford Ammonia Leak

November 17, 2025 • Weatherford, OK – Weatherford officials released new details following the major anhydrous ammonia leak that occurred late Wednesday night behind the Holiday Inn Express.

The leak was reported around 9:58 p.m., prompting a large multi-agency emergency response. Roughly 50 first responders were on scene within the first hour. Weatherford Emergency Management took command, supported by the Oklahoma City Fire Department Hazmat team and the Oklahoma National Guard’s 63rd Civil Support Team.

An evacuation zone of about one square mile was ordered, covering nearby neighborhoods, three hotels, two assisted living centers, and several businesses. Between 300 and 500 residents were affected. Southwestern Oklahoma State University opened the Pioneer Cellular Event Center as a temporary shelter. A shelter in place order followed to limit exposure while crews worked to dilute the plume.

Weatherford schools and SWOSU suspended

classes Thursday. The shelter in place order was lifted by 8 a.m., and residents were cleared to return.

Weatherford Regional Hospital treated about 34 patients. Five were airlifted to Oklahoma City hospitals and six more transported by ground. Dozens of others were treated on scene. About 14 Weatherford officers were exposed, with five suffering chemical burns to their airways. Many first responders were treated and released at the scene. No fatalities have been reported, though several victims remain in intensive care. Most are listed in stable condition.

Roughly 80 first responders assisted through the night, including units from Elk City, Hydro, Woodward County, Burns Flat, Clinton, the Oklahoma Highway Patrol, Custer County agencies, SWOSU Police, Oklahoma City Fire, the Oklahoma National Guard’s 63rd CST, the U.S. EPA, the Oklahoma DEQ, and several other state and federal partners.

The cause of the leak remains under investigation.

Weatherford Man Arrested After Fatal Shooting On Texas Avenue

November 16, 2025 • Weatherford, OK – A 24-year-old Weatherford man is in custody after a fatal shooting at a home on Texas Avenue Thursday morning.

According to the Weatherford Police Department, officers and medical personnel were called to 406 Texas Avenue at about 9:48 a.m. on Thursday, November 14, after a 911 caller reported that someone had been shot in the chest.

When first responders arrived, they began CPR and other life-saving measures. Despite those efforts, police say the victim died

from his injuries roughly 30 minutes later.

Because of what officers found at the scene, the residence was secured and detectives and crime scene personnel were called in to continue the investigation. One person at the home, identified as 24-year-old Jonathon David Bridges, was detained and taken to the Weatherford Police Department for questioning.

After investigators executed a search warrant at the home and conducted multiple interviews, Bridges was arrested on a complaint of Second Degree Man-

slaughter, a felony offense. He was transported to the Custer County Jail and booked.

Police have not yet released the name of the victim, saying the identity will be made public after family notifications are complete.

Investigators say there are no outstanding suspects in the case and that the investigation remains active.

Anyone with questions is asked to contact Weatherford Police Chief Angelo Orefice by email at angelo.orefice@cityofweatherford.com

Elk City Meals on Wheels Needs Community’s Help To Keep Serving Seniors

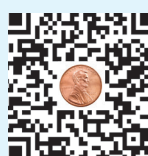

November 14, 2025• Elk City, OK – Elk City Meals on Wheels has been serving local seniors for 56 years. Today, the program is quietly feeding nearly 100 people a day and is asking the community for help to keep the doors open and the meals coming.

After 56 years, Elk City Meals on Wheels is still doing what it set out to do in 1968: deliver hot food, friendly faces, and peace of mind to local seniors. What has changed is the cost of keeping that mission alive.

The program is asking the community to step up, once again, to help. Monthly donations, memorial

gifts, sponsorships, and volunteers are all needed to keep meals coming to some of Elk City’s most vulnerable neighbors.

For those who can give, every dollar helps keep a senior fed and connected. For those who can volunteer, every delivery, smile, and check-in makes a difference.

Sedation Dentistry Calms Fears...
 Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
