## New Year Hopes, Humility, and Helping

by: Jerry Nine – Woodward, Okla.

Well we are starting the second quarter of a century. It doesn't seem very long ago that we just brought in the New Year in 2000. Some Christian believers were convinced that was the year Jesus was going to return. In fact, I think some pin pointed it to a certain time. All they had to do was read the Bible and it says, "No one knows the day or hour".

What are your plans or hopes for the New Year? I was talking to a feedlot owner and manager and we both agreed that neither of us thought 2026 could be as profitable as 2025 was. I'm hardly ever a pessimist, but I never thought it was possible to hit the levels that we have. And the problem is now that seems the norm.

What are my plans? Well I can tell you retirement is definitely not in my plans, I hope not ever. What are my hopes? I have a nephew that is fighting cancer and I hope he is completely healed and can raise his 3 kids. I hope all my family and friends end up in Heaven. I don't care to be filthy rich, God has already blessed me more than he should have. Like the song, "Humble and Kind" says, when you get to that point look back behind you and help the next one in line.

I go to Lexington prison once a month as a volunteer to be able to have a church service. Each month a different prisoner preaches. They get to have a 5 or 6 piece band. These prisoners have little to no money. When they work in prison they get paid 50 cents per hour. But these prisoners donated each often only a few

dollars, but according to what they have it is a lot. Then we pick out a needy family in the community to buy their kids a Christmas gift. It definitely shows you that not all prisoners are bad. Often some have made a 15 second decision that has completely changed their life. A few of these prisoners said going to prison was the best thing that ever happened to them as they became a Christian inside of prison.

I heard one radio station say if you can't find a friend, then be one.

When was the last time you made someone's day? When was the last time you made someone smile? When is the last time you forgave someone you said you never would? Let's have a great 2026!

*Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

## Forecasters Warn Western Oklahoma Could Face Early, Widespread Wildfire Threat in 2026

January 5, 2026 • Western Oklahoma – Western Oklahoma could be facing another dangerous wildfire season as early as January, with forecasters warning conditions may be worse and more widespread than last year.

Predictors with the National Interagency Fire Center say Western Oklahoma will see an elevated wildfire threat to start 2026, with that risk expanding statewide by March. February is expected to bring a much larger footprint of above normal fire potential across the western half of the state.

Elk City Fire Chief Kyle Chervenka says current conditions already show how quickly fires can get out of hand in the region's deep grass.

"Yeah, the fuels are dry, you know, we don't, I don't see any

measurable rainfall in the forecast coming up and in this deep grass, it's just dry," Chervenka said. "Once it starts going, it just pulls its own inflow and really gets to pushing, and it's really challenging to get it knocked down right now. It takes several trucks in the line to get that fire knocked out."

The warning follows a devastating wildfire season in March 2025, which ranked among the worst in Oklahoma history. Fire officials say the underlying factors that drove those fires have not improved.

According to federal forecasters, drought conditions are a major concern. Significant to extreme drought is already present across Southern Oklahoma, and the agency notes drought intensified across the Southern Plains toward the end

of 2025. Over the coming months, drought is expected to expand and worsen across parts of Western Oklahoma and the Texas Panhandle, increasing the likelihood of large, fast-moving fires.

In 2024, similar forecasts proved accurate. That year, Oklahoma recorded more than 130 wildfires across 44 counties, burning over 170,000 acres and destroying at least 530 homes and businesses statewide.

The current outlook stretches beyond Oklahoma. Forecasters say all of Kansas, and much of Texas.

Fire officials across Western Oklahoma are urging residents to remain cautious, limit outdoor burning, and stay alert as dry fuels and worsening drought set the stage for another potentially dangerous fire season.

## Voter Registration Deadline Approaches

January 5, 2026 • Cheyenne, OK – Friday, January 16th, is the last day to apply for voter registration in order to be eligible to vote in the February 10th Merritt School District Special Election, Roger Mills County Election Board Secretary Kelly Tice said today.

Tice said that persons who are United States Citizens, residents of Oklahoma, and at least 17 ½ years old are eligible to apply for voter registration. However, you must be at least 18 years old to vote.

Applications must be received by the County Election Board or postmarked no later than midnight, January 16th. Applications postmarked after that time will be accepted, but will not be processed until after the February 10th Election. Applications may also be submitted to any motor vehicle agency that is also an official voter registration agency by the submission deadline. Applicants will be notified in writing when their application has been processed. Approved voters will receive a Voter Identification Card in the mail. Some may receive a letter that explains the reason or reasons the application was not approved. Tice said those who do not receive a response within 30 days of submitting their application should contact the County Election Board office immediately.

The Roger Mills County Election Board reminds voters that applications must be approved by the County Election Board Secretary in order to vote. Registered voters who have moved to Roger Mills County from a different county or state will need to complete a new Voter Registration Application in order to be eligible for elections in Roger Mills County. If you have moved within the county and need to update your address, you may make changes online using the OK Voter Portal at [oklahoma.gov/elections/ovp](http://oklahoma.gov/elections/ovp) or complete a Voter Registration Application.

Voter Registration Applications can be downloaded from the State Election Board website at [oklahoma.gov/elections](http://oklahoma.gov/elections). You may also complete a form at your County Election Board. Most post offices, tag agencies, and public libraries have applications available upon request.

The Roger Mills County Election Board is located at 500 E. Broadway Ave., Cheyenne, Ok and is open from 8:00 a.m. to 2:00 p.m., Monday through Friday. For questions, please contact the Election Board at 833-638-7999 ex. 7 or [rogermillscounty@elections.ok.gov](mailto:rogermillscounty@elections.ok.gov).

You can also find the Roger Mills County Election Board on Facebook at [facebook.com/rmcelectionbd](https://facebook.com/rmcelectionbd).
