WHITE DENTAL CARE

Drs. Mori & Teri White, DDS

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Drs. Mori & Teri White practice cosmetic, implant and family dentistry at 2802 8th Street, Woodward, OK 73801

Telephone 580-256-4301

Cafe Cowboy Humor

by: Jerry Nine – Woodward, Okla.

noticed a different colored ear tag. As I looked closer it was my neighbors and finally read his name on it. That's the reason I like ear tags. I also brand plus ear marks so I have three identifications on them in case they lose the tag. It seems like a lot when processing but pays off in the long run.

The people who forced you to get vaccinated to keep your job let in 17 million people who were unvaccinated and unemployed.

A man was killed by a shark attack on his honeymoon. They said he didn't suffer long. They said he had only been married 7 days.

I want your opinion, I thought this was a good line to say to a gal that I had just met. I told her that I was having a clothing sale and I asked her to come by. I said I promise all my clothes will be 100% off.

Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

When you get a bunch of old cowboys gathered for coffee and breakfast early in the morning we sometimes have to make our own humor. Often you are picking on the next ole guy slightly making fun of him but yet doing it in a way that hopefully he doesn't get mad and hit you. In most small towns you are lucky if you have one cafe but right now we have 7 that is if you count the bar and the quick stop. This morning at our restaurant a man ordered a pancake then he said "Do you have any syrup?". She said, "No, we are out". So all of us were throwing our two senses in. We said to put honey on it, one said jelly. Another said just drink more water to wash it down. Then we called another guy across the street and said, "Can you bring us some syrup?". Knowing the personality of the owner that was across the street we all got to laughing. Well let's just say that the owner is spunky and that is a very nice way of saying it. But pretty soon the man eating across the street came over with one syrup and said, "She said here's your damn syrup". Oh well, it was good for a laugh. Then the following morning I texted the man across the street again that brought the one syrup and said, "You can just stay over there today, we gave plenty of syrup". You got to laugh and have fun.

This week the cattle auctions will be back in full swing after a week of complete shut down with that bitter cold and snow. We are getting closer to spring with this being the first week in February, so it won't be long.

The other day I was weaning some calves and

By Paragon News Director Jared Atha

Elk City, Hobart Carnegie Libraries Receive National Recognition

February 10, 2026 • Elk City, OK – Two longtime cornerstones of western Oklahoma communities are getting a boost as part of a nationwide celebration of America’s library legacy.

The Elk City Carnegie Library and the Hobart Carnegie Library have each received a \$10,000 gift from the Carnegie Corporation of New York. The funding is part of a special initiative marking the upcoming 250th anniversary of the United States and honors historic Carnegie libraries that continue to serve their communities today.

The grants are intended to support local library services and programming while recognizing the lasting impact of Andrew Carnegie, whose philanthropy funded the construction of nearly 1,700 public libraries across the country between 1886 and 1917.

Both Elk City and Hobart are among nine Oklahoma communities selected for the honor. The full list includes libraries in Collinsville, El Reno, Frederick, Perry, Sapulpa, Tahlequah, and Wagoner.

Carnegie libraries were built

with the idea that access to books and education could strengthen individuals and communities alike. More than a century later, many of these buildings still serve as active hubs for learning, technology access, and community programs.

State officials say the recognition highlights not only the historic significance of these libraries, but also their continued relevance in towns like Elk City and Hobart, where they remain central gathering places and educational resources.

Snyder Man Dies in Single Vehicle Crash in Kiowa County

February 10, 2026 • Kiowa County, OK – A Snyder man was killed Monday morning in a single vehicle collision in Kiowa County, according to the Oklahoma Highway Patrol.

The crash occurred at 6:47 a.m. Feb. 9 on U.S. Highway 62B, about one mile south of Snyder and approximately 0.3 miles south of County Road North South 2270.

Troopers said a northbound vehicle driven by 41 year old Verlin D. Beede of Snyder left the left side of the roadway and struck a private drive embankment. After impact, the vehicle vaulted from the embankment and became airborne for approximately 102 feet before rotating counterclockwise and landing on its passenger

side wheels. The vehicle then rolled onto its passenger side and continued rolling before coming to rest on all four wheels facing west.

Beede was the sole occupant of the vehicle. He was pronounced deceased as a result of injuries sustained in the crash. Troopers reported that a seatbelt was not in use at the time of the collision. Next of kin has been notified.

The collision remains under investigation by the Oklahoma Highway Patrol. Trooper Mitchel Witt of Troop M is the investigating officer.

Information in this report was gathered during the preliminary stages of the investigation and may be subject to change.

Local Lawmaker’s Brine Development Bill Heads to Energy Committee

February 10, 2026 • Oklahoma City, OK — A bill authored by state Rep. Anthony Moore, a Republican from Clinton, is set for consideration this week by the Oklahoma House Energy Committee.

House Bill 4338, known as the Oklahoma Brine Development Act, was introduced into the 2026 legislative session on Feb. 2 and refers to revisions of the state’s existing brine law. The measure would update the purpose and definitions in the Brine Development Act, clarify terms related to brine and associated solution gas, and modernize statutory language tied

to how brine is classified and regulated in Oklahoma. The bill also explicitly includes reuse, recycling and reclaiming of produced water as public policy goals.

Under the bill’s changes, key terms such as “brine,” “brine well,” “brine owner,” “solution gas,” and “effluent” would be redefined to align with current industry and regulatory practice. The legislation also makes clear that brine recovered incidentally during oil and gas production is not considered “brine” under the act if it is saved or sold for further processing or chemical extraction.

HB 4338 carries no direct fis-

cal impact on the state budget, according to a fiscal analysis prepared by House research staff.

The bill is scheduled for discussion at the Energy Committee this week. Alongside HB 4338, lawmakers will consider several other energy-related measures dealing with water, mining, rural water districts and related utility issues.

Moore’s legislation aims to bring statutory clarity to Oklahoma’s management of brine and solution gas resources as the state continues dealing with produced water and related energy industry challenges. The bill would take effect Nov. 1, 2026, if enacted.
