Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

So God Made a Firefighter for the Plains

by: Jerry Nine – Woodward, Okla.

We do not know how fortunate we are to have all the firefighters who are willing to risk their lives and drop everything to protect us and our property. Out here, the majority of the firefighters are volunteer. We are also so blessed to live in an area where neighbors care about each other. There may be different views in politics, religion, and skin color for some but all that is put aside when problems arise.

I thank God He allowed me to be raised in an area that a lot of city folk would describe as the middle of nowhere. You can't beat ranchers, famers and cowboys when they have a heart of gold. I had calls from 3 hours

away, asking me if I needed help.

To all you farmers, ranchers and city folk that got burned out or suffered catastrophic losses, my heart goes out to you.

Some of my neighbors had to relive this disaster again, who experienced it only a few years ago. It's a terrible sight to see livestock that got burned to death or others succumb to their injuries. Then you have a true mess when calves start looking for their mothers. Trying to pair them

is almost impossible and I have seen some calves nursing off of the same cow. What a mess.

There are some things we should learn out of this. If you recently have burned trees, limbs, or trash, it can smolder for a few days. Even if it looks like it is out, you should still take precautions and take care of it. With the possibility of high winds in the area, all it takes is one spark to devastate a community.

I was talking to another cattle buyer about the high prices we are seeing

on cattle. Every week we got from \$5.00 to \$20.00 cwt higher. He thought a lot of feedlots from the small ones to the larger are willing to keep their pens full or somewhat full through if they bring what feeders or fat cattle are bringing today they will lose money. We cattlemen have short memories.

The preacher said that they were

very poor growing up and sometimes she sent them to school with a jam sandwich. His grandson said "well at least you had bread and jam." He replied "no, it was two pieces of bread jammed together."

He also said he has heard some say "well yes, I was just born on the wrong side of the street." He told them "well cross the street and get on the other side."

Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

Multi-State Murder Investigation Leads Dive Teams to Clinton Lake

February 20, 2026 • Washita County, OK – A large law enforcement presence from multiple states gathered at Clinton Lake on Friday as part of a joint effort to search the lake for possible evidence in a murder case.

Officials confirmed that local law enforcement is working alongside investigators from California in connection with the case, which has now led authorities to Clinton Lake in northern Washita County.

Washita County Sheriff Kevin Rozell said dive teams and multiple agencies searched

the lake for evidence tied to the investigation. California authorities believe key evidence may have been thrown into the water.

Sheriff Rozell confirmed that one item of interest was recovered during the search. The item will undergo DNA testing.

The two suspects connected to the case are already in custody, though it is unclear whether they are being held in Oklahoma or California.

Hollis Woman Charged with First Degree Manslaughter After Fatal U.S. 62 Pedestrian Crash

February 23, 2026 • Hollis, OK – A Hollis woman has been charged after authorities say she struck and killed a pedestrian on U.S. Highway 62 on Saturday, Feb. 14.

According to the Oklahoma Highway Patrol, 80 year old Sara Romo Lopez was driving westbound on U.S. 62 when her vehicle hit 54 year old Janara Rebecca Musgrave, who was walking along the north shoulder of the highway.

Musgrave would die the following day from her injuries.

Troopers reported that Lopez left the scene after the collision. During the investi-

gation, a family member told authorities that Lopez claimed she struck a bridge west of Hollis that same day.

Investigators later examined the vehicle at Lopez's home. Troopers noted significant damage to the right front fender, headlight, and windshield. During an interview, Lopez allegedly told officers that she hit a bridge about one mile west of Hollis and did not stop.

Court records state that when asked for her driver's license, Lopez was only able to provide a state identification card and did not have a valid driver's license.

After Musgrave's death was confirmed, investigators inspected bridges from Hollis to the Texas state line and found no signs of damage.

Based on the investigation, Lopez was charged with first degree manslaughter and leaving the scene of an accident resulting in death, both felonies. She also faces a misdemeanor charge for operating a motor vehicle without a license.
