## God Bless Our Troops

by: Jerry Nine – Woodward, Okla.

Memorial Day is a day to honor the brave souls who have fallen after fighting for their country. Memorial Day was celebrated as early as the 1860s following the Civil War. But it officially became a national holiday in 1971. There is not a more committed sacrifice than those that have given their life so that we can have and keep all our freedoms. Let us all keep politicians in power that love America. I despise the ones that talk about wanting socialism. And the young ones that talk in favor of that most didn't want anyone telling them what to do let alone a dictator.

The cattle on feed report showed 101.8% on feed with placements at 105.5 and marketings at 90%. That doesn't surprise me with the drought over a lot of states. August feeder cattle on the futures have sold off over \$35.00 cwt from the high on May 1st. June live cattle are \$11.00 under last week's cash market.

I have to tell a story about myself in my rebellious younger days. I was just walking out of the bar and just then

realized someone had stolen my car as it drove by. I did what any intelligent young guy would do, I stole another car to chase down the car of mine that was stolen and just as we approached the railhead track my car zoomed across but I got hit by the train. That train through the car I was driving into

the living room of a house. Luckily the couple was sleeping in the bedroom. I told them my story but they were not interested in helping me chase the guy that stole my car. So I did what I had to and stole their golf cart. I guess this wasn't my lucky day as the cop said I pulled out in front of him. I told him my story but he wouldn't help either. He single-handedly took me to jail. I woke up the next morning and told the jail keeper someone has got to help me find my car that was stolen. Then I realized I was very lucky cause I just realized the night before when I went to the bar I had taken an Uber.

*Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

Sedation Dentistry Calms Fears...  
Take a *pill* and *snooze* through your  
dental appointment.

**F**or many Americans, going to the dentist is a  
frightful event. If you are one of the 145 million  
people who avoid the dentist due to fear, we  
have the solution... Sedation Dentistry.

You can now experience your dental appointment  
through a totally relaxed and comfortable environ-  
ment. With the help of Sedation Dentistry, you will  
wake up to find that your dental appointment is over  
and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish  
more dentistry in one appointment which means fewer  
visits to the dentist.

Sedation Dentistry is available for everything from  
simple restoration to the most complex procedures.  
We are very sensitive to our patients needs, especial-  
ly those with high fear and apprehension. Now we  
can put an end to anxiety with this safe and wonderful  
technique of sedation.

We are proud to be able to offer Sedation Dentistry  
and offer hope to those who have been avoiding the  
dentist due to fear. If you would like to know more,  
call our team with your questions.

By Paragon News Director Jared Atha

## Homicide Charges Added Against SWOSU Student Suspect in Logan Musil Death

May 26, 2026 • Ada, OK – Additional charges have been filed against the suspect accused in the death of Southwestern Oklahoma State University student Logan Musil.

According to amended court documents filed last week, 20-year-old Cameron Lewis now faces charges of second-degree homicide and tampering with evidence in connection with Musil's death. Lewis had previously been charged with abuse of a corpse.

Musil, an 18-year-old freshman at SWOSU in Weatherford, was reported missing by his mother in September 2025 after friends and family lost contact with him. Weeks later, investigators discovered his body in a wooded area near Veterans Lake in Sulphur, roughly 150 miles from Weatherford.

Authorities say Lewis quickly be-

came a focus of the investigation after learning Musil was last seen at Lewis' parents' home in Purcell. Investigators reviewed surveillance footage from the SWOSU campus and traced the pair's movements leading up to what authorities described as an altercation.

Court records state Lewis later admitted he and Musil were involved in a physical fight. Investigators previously said Lewis told them the two had taken mushrooms before the confrontation occurred. According to federal search warrant documents released earlier in the investigation, Lewis claimed Musil fell during the altercation, struck a rock, and later stopped breathing.

Investigators allege Lewis then transported and concealed Musil's body in the wooded area near Veter-

ans Lake. Authorities also say Lewis admitted throwing Musil's cellphone into the lake. Evidence connected to the case was reportedly recovered from Lewis' dorm room and vehicle.

Lewis appeared previously in Chickasaw Nation District Court and entered a not guilty plea to the original abuse of a corpse charge. Information regarding a new court appearance tied to the amended charges has not yet been released.

The Oklahoma State Bureau of Investigation continues to investigate the case. Officials have not publicly disclosed an official cause of death for Musil.

Lewis is presumed innocent unless and until proven guilty in court.

## Infinity One Spaceport, Watonga Airport to Receive Major State-Funded Upgrades

May 22, 2026 • Oklahoma City, OK – The Oklahoma Aerospace and Aeronautics Commission has approved a sweeping \$520 million, five-year airport improvement program that will bring major infrastructure investment to western Oklahoma, including significant developments at Infinity One Oklahoma Spaceport and Watonga Municipal Airport.

The Oklahoma Department of Aerospace and Aeronautics' Airport Construction Program will fund 176 projects statewide between June 2026 and May 2031, with a strong focus on economic growth, aviation expansion, and next-generation aerospace operations.

One of the centerpiece projects is at Infinity One Oklahoma Spaceport, formerly known as Clinton-Sherman Airport. The facility will receive major upgrades tied directly to New Zealand-based aerospace company Dawn Aerospace and its suborbital flight operations program. The project includes con-

struction of a dedicated hangar, office space, and operational support facilities designed to house engineering, maintenance, and flight operations teams. State leaders appropriated \$7.5 million toward the effort, with construction expected to begin during the second half of 2026.

State aerospace officials say the Burns Flat facility positions Oklahoma to compete globally in the rapidly growing commercial aerospace and space-flight sector.

“This plan represents a bold, pro-growth vision for Oklahoma and continues our leap into the global aerospace economy,” said ODAA Executive Director Grayson Ardies. “We're not just maintaining runways; we're building a world-class network capable of supporting next-generation commercial aircraft and pioneering aerospace industry operations to drive our state's economy for decades.”

Meanwhile, Watonga Municipal Airport is slated for a major west-side

redevelopment project that includes construction of a brand-new terminal building and expanded airport infrastructure. The new terminal will feature a 24-hour pilot lounge, office space, and a conference room while helping open the airport's west side for future development opportunities.

The overall project also includes a new taxiway, apron, entrance road, and utility upgrades. The current phase is expected to cost approximately \$3.5 million and will be funded through state appropriations. Construction is expected to begin in the second half of 2026.

The statewide aviation improvement plan is designed to strengthen Oklahoma's airport system, attract private investment, improve aviation safety, and support economic development in both rural and urban communities across the state.
