Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

The Old Man's Legacy

by: Jerry Nine – Woodward, Okla.

from the Mexican border. His opinion was that Biden opened the flood gates of letting anyone and everyone in the U.S. And he said they not only let them in but they were also given prepaid debit cards, EBT. He said he and his wife would go to the grocery store and would be somewhat

selective of what they bought. And sometimes next to them would be a couple with 2 completely full shopping carts. And he said they weren't buying cheaper stuff. It was a lot of ribeye steaks. They were also given a free phone.

Last week at church the preacher said, "If your wife is controlling you then move to the left". All the men in the church moved to the left except for one. The only man that didn't move was a scrawny little ole man. I thought, wow good for him at least there is one man that stands up for himself. The preacher said, "Sir, How come your wife can't control you?" Then he quietly said, "My wife told me not to move."

Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

This Sunday is Fathers Day. Some of you still have your Dad and some of us only have the memories. My Dad and I butted heads for a lot of years and I would have to say it was mostly my fault. But I also realized that we were a lot alike. People would see my Dad at the sale and say, "How could your Dad be so calm and me a wild idiot?" I said, "You didn't know my Dad when he was 50 or 60. Of course when I was in my 20's I was chargin' and thought I had learned it all". I remember once Dad had a cow that had horns and I thought she was mean with them to the other cows. I had the cow in the chute and Dad walked up there. He said, "What are you doing?" I said, "I am dehorning this cow". He said, "No you aren't, you will kill her". I said, "Oh yeah I am, she is mean with those horns". Luckily Dad lived long enough we got on the same page. Happy Fathers Day to all you Dads. Just think, you could have had a son like me. Count your blessings.

I had an interesting call this past week from a man in Arizona. He said he had read this article for a lot of years. He said, "I have a question for you; Why do you think beef is as high as it is?" We both agreed that the drought over several states 15 years ago had a very big impact. He lives about 60 miles

American Legion Post 181 Recognizes 2026 Boys State and Girls State Participants

June 12, 2026 * Elk City, OK – The American Legion Post 181 of Elk City is recognizing the students who represented Elk City and Merritt at the 2026 Oklahoma Boys State and Oklahoma Girls State leadership programs, while also expressing appreciation to the local businesses and organizations whose support helped make the opportunity possible.

Oklahoma Boys State and Oklahoma Girls State are separate, highly regarded summer leadership programs designed for high school juniors preparing to enter their senior year. The programs provide students with hands-on experiences in government, leadership, citizenship, and public service.

The 2026 Oklahoma Boys State session was held May 24 through May 31 on the campus of Rogers State University in Claremore. Oklahoma Girls State took place

May 24 through May 29 at the University of Central Oklahoma in Edmond.

Post 181 extended special thanks to Barber-Dyson Ford for providing transportation for Boys State participants to and from Rogers State University. Legion officials noted the dealership has provided transportation support for the program for many years.

Additional supporters recognized by the Legion include Great Plains Bank, First National Bank of Elk City, InterBank of Elk City, Legacy Bank of Elk City, North-Fork Electric Cooperative of Sayre and Elk City, and a local rancher who wished to remain anonymous and donated beef for a raffle fundraiser.

Merritt Graduate is New Game Warden

June 12, 2026 * By Landry Brewer • Oklahoma City, OK – They say if you love what you do, you’ll never work a day in your life.

Jarrett Smith may be in that situation.

The 2019 Merritt High School graduate and avid outdoorsman is Jackson County’s new Oklahoma Game Warden.

He’s also a SWOSU alumnus, class of 2025, and studied Parks and Wildlife Law Enforcement.

Jarrett’s parents are Randy

and Teresa Smith.

A proud moment for a dad, Randy got to pin Jarrett’s badge on him during his recent swearing-in ceremony.

A law enforcement officer, Jarrett is CLEET (Council on Law Enforcement Education and Training) certified.

Just like Oklahoma Highway Patrol officers, Oklahoma’s Game Wardens can enforce state laws in all 77 counties.

They’re also empowered to enforce federal wildlife laws.

According to the Okla-

homa Department of Wildlife website, Game Warden recruits “are instructed on topics you would expect, such as wildlife and fisheries laws; wildlife, waterfowl, and fisheries enforcement techniques; search and seizure; and firearms.”

But there are others, including “snake ID, precision boating, wildlife forensics, blood- and man-tracking, defensive tactics, water survival, and trauma first aid.”

And a Merritt graduate now gets to put that training to use in Jackson County.
