## God, Please Send Some Rain

by: Jerry Nine – Woodward, Okla.

just me and Terry on a separate chat group of our own cause he could never tell what Terry or myself would say teasing each other. So the following Sunday Terry was back in Sunday school. I told Terry that I was very glad he was back because I was afraid I couldn't find a bucket for him to kick.

This week in Sunday school the preacher was talking about them trying to find a wife for Isaac and in the process Abraham's servant had given Rebekah a gold ring for her nose and 2 large gold bracelets for her wrists. So if you know me well I spoke up and said if I ever get married I want my wife to have a nose ring in case I need to give it a yank. And yes I did get a little reaction from the women in the class.

*Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

I got a text from a man in west central Illinois who said I wish you guys in western Oklahoma were getting some of the rain we have had. I asked him how much they have received, he said, "I have lost track but well over 8 inches this month so far". He said the corn and beans are not liking that much rain. Two or 3 weeks ago we finally started getting some very much needed rain in western Oklahoma. But even at that it has been very spotty. 3 or 4 miles away from a pasture that looks green I have another pasture that is very yellow looking and the grass is short. A few days ago we got quite a bit of hail in places. I'm not sure how religious these roofing companies are but I definitely think they pray for hail. Bright and early the next morning they were prowling the streets. The fat cattle trade last week was \$258.00 to \$260.00 cwt in the north and south. I am amazed we are still at these levels. There are a total of 15 screw worm cases so far in the U.S.

Our whole livelihood in the farming and ranching business depends on moisture. And when things are going good most of us take it for granted. Then when we get extremely dry we start asking God to send us rain. Be sure and tell God thank you for the rain and Illinois might say Lord please slow it down.

A couple of weeks ago in Sunday school the preacher announced Terry would not be there because they took him to the hospital. He has become a good friend and both of us tease each other enough on the regular Sunday school chat group that the preacher put

## Community Invited to Free Presentation on Children, Technology, and Healthy Development

**June 21, 2026 • Weatherford, OK** – Parents, caregivers, educators, and community members are invited to attend a free educational event focused on helping children thrive in today’s digital world.

The Great Plains Family YMCA Family Resource Center, Southwestern Oklahoma State University Department of Education, and the Oklahoma Association for the Education of Young Children (OKAEYC) will host “Screens, Brains, and Childhood: Helping Children Thrive in a Digital World” on Friday, June 26, at the Great Plains Family YMCA in Weatherford.

The event begins at 6 p.m., with doors opening at 5:30 p.m.

Featured speaker Audrey Rowland, founder and CEO of Green Space Learning, is a nationally recognized early childhood leader known for helping families and educators better understand child development and the impact of technology on young children. Rowland’s work

focuses on protecting childhood through play, examining how screen use affects brain development, and providing practical strategies for building healthy relationships with technology.

During the presentation, attendees will learn how screens influence early brain development, what current research says about screen time, and practical ways to create healthy technology habits at home and in educational settings.

In addition to the presentation, guests will have an opportunity to meet members of the local Parent Advisory Committee (PAC). The committee is made up of parents and caregivers who work together to strengthen support systems for families throughout the community. PAC members help identify service gaps, provide parent perspectives in community decision-making, and advocate for programs and resources that support children and families.

Organizers say the event is designed

for teachers, childcare providers, parents, grandparents, foster parents, and anyone interested in supporting the healthy growth and development of children.

The event is free and open to the public. YMCA Child Watch services, including childcare and activities, will be available during the presentation.

For more information about Audrey Rowland and Green Space Learning, visit Green Space Learning.

### Event Details

- Friday, June 26, 2026
- Doors open at 5:30 p.m.
- Program begins at 6 p.m.
- Great Plains Family YMCA, Weatherford
- Free admission
- Childcare available through YMCA Child Watch services

## 2026 Hemmings Great Race Presented by Coker Tire Stops in Elk City

**June 21, 2026 • Elk City, OK** – The Hemmings Great Race presented by Coker Tire is a nine-day classic car rally that spans more than 2,300 miles and features 140 of the world’s finest antique automobiles. The event uses a new route each year and features 17 hosted city stops along the way. For 2026, the Great Race is celebrating the 100th anniversary of the Mother Road with a Route 66 themed event that starts in Springfield, Illinois on Saturday, June 20 and ends in Pasadena, California on Sunday, June 28 with many historic towns and attractions along the way. This includes a hosted lunch stop at the National Route 66 Museum in Elk City, Oklahoma on Tuesday, June 23rd at 11:15am.

Each stop on the Great Race is free to the public and spectators can visit with the participants and look at the cars for several hours. It is common for racers to allow kids to climb in the cars for a first-hand look. “When the Great Race pulls into a city it becomes an instant festival,” says Brad Phillips Great Race Director. He continued, “Last year, we had several overnight stops with more than 10,000 spectators, on our way to having 250,000 people see the Great Race during the event. There are more than 500 people just in our entourage.”

The Great Race was started in 1983 by Tom McRae and it’s now the world’s premier old car rally. This traveling time/speed/distance rally isn’t just a casual back road cruise, as it has a strict set of rules to keep competition tight. The vehicles, each with a driver and navigator, are given precise instructions each day that detail every move down to the second. They are scored at secret checkpoints along the route and are penalized for arriving at the checkpoints early or late. As in golf, the lowest score wins. There

is a purse of \$160,000 split among five classes, with the overall winner taking home \$50,000.

Teams and cars from Japan, England, Australia, Canada, and every corner of the United States participate in the annual event, which is often considered a “bucket list” item for car enthusiasts, especially in 2026 with the Route 66 theme. Cars, trucks and motorcycles built in 1974 and earlier are eligible to compete, and the scoring system features an age factor to keep the earlier cars competitive. In the 2025 Great Race, a 1933 Ford pickup truck won the event. A 1913 Chevrolet, a 1916 Hudson and a 1918 American LaFrance are the oldest cars scheduled to be in the 2026 Great Race.

The 2026 Great Race will begin on Saturday, June 20 in Springfield, Illinois, home of President Abraham Lincoln. In fact, the event will start in front of the Old State Capitol, where Lincoln first rose to fame. Nine days later, on Sunday, June 28, the race will finish at City Hall in downtown Pasadena, California. In between the start and finish cities are approximately 2,300 miles of competition and 17 hosted city stops in Illinois, Missouri, Oklahoma, Texas, New Mexico, Arizona, Nevada and California, with many iconic Route 66 sights along the way.

The event’s main sponsors are Hemmings, Coker Tire, McCollier’s Auto Transport, Stahls, Petersen Automotive Museum, Knipex, Samuel Smith Old Brewery and American Muscle Car Museum.

For more information, go to [www.greatrace.com](http://www.greatrace.com), or visit the Great Race Facebook Page. You can also email [brad.phillips@greatrace.com](mailto:brad.phillips@greatrace.com).

**Sedation Dentistry Calms Fears...**  
Take a *pill* and *snooze* through your dental appointment.

**F**or many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
