Sedation Dentistry Calms Fears...

Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

Red, White, and Moo

by: Jerry Nine – Woodward, Okla.

Our cattle business is very interesting to say the least. And it has been a lot more interesting these past 2 or 3 years when most have experienced good cattle profits. It use to be for a lot of years if you could keep a steer for a year and make \$100 per head you felt very good about the cattle business. In these past 2 years for those that caught that swing upward in the market some advanced their cattle \$1,000 per head. Along with that comes the vulnerability of the high cost of replacing these stocker cattle plus having to borrow a lot more because of these higher costs. If you give \$2,500 for a small steer and keep him a year at 7% the interest is \$175 per head. Since I sold the sale barn I have been order buying and I hear cattlemen say all the time I am up to the limit of what I can borrow or I'm out of money. I have stayed that way most of my life.

We heard a lot of cattlemen speculate what would happen if screw worms came across the border to the U.S. There seemed to be a few days of shakiness but so far hasn't

affected it at all. In fact, fat cattle made new all time highs this past week. Some feeder cattle were quoted \$10 to \$15 cut higher last week. This is July 4th week and 250 years as a country. I am very proud to be an American and I hope we leave our kids and grandkids the same America as we have known it. A few years ago, if you said the word communism and socialism and announced that is what you stood for you would be ridiculed. Now we have some in political office that proclaim that's what they stand for. The left better be very careful and speak out against it. After a few got into office, large amounts of money have been sent their way from people that hate America.

Then you have a lot of losers who think America is bad, who are spoiled and have no idea. This week, be sure and tell all service men and women thank you, and also families who have lost one sacrificing their life for our freedom. If you believe in God, stand up for Him. If you believe in America, talk to the youth and tell them how fortunate we are to be born here. If we go the socialist or communist route, everything you and your fathers, mothers, grandads, and grandmas and their families will be gone. Thank you God for letting me be born in America.

Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

“In Case You Missed It Last Week”

By Paragon News Director Jared Atha

Firework Safety Reminder from Local Survivor Ahead of Independence Day

June 29, 2026 • Independence Day lands on Saturday, and fireworks will light up the skies all across western Oklahoma. But one local man is urging people not to forget how dangerous those explosives can be.

Paragon Communications' Shawn Wilson knows firsthand the risks. On July 4, 2015, Wilson suffered a serious injury involving an artillery shell.

“I was throwing a two-inch artillery shell like a baseball,” Wilson said. “When I pulled it

back to throw, the fuse coiled, hit the side, and it went off in my hand. It split my hand in two, took two fingers, shattered another, and damaged the end of my thumb.”

Wilson was airlifted to Oklahoma City, where doctors were able to save his hand. Still, the effects of that moment stick with him—and he hopes his story serves as a warning.

“I’m thankful I didn’t hurt anyone else. That would’ve been much harder to live with,” he said. “But people will get hurt this Fourth of

July unless they take fireworks safety seriously.”

Despite his injury, Wilson still supports fireworks use but says reading and following the directions is key.

“These fireworks are more powerful than people think, especially around kids,” he said. “You’ve got to be extremely careful.”

Fatal Two Vehicle Crash North of Arapaho Claims Two Lives

June 26, 2026 • **Custer County, OK** – A two vehicle collision north of Arapaho on Thursday afternoon claimed the lives of two Custer City residents, according to the Oklahoma Highway Patrol.

The collision occurred at approximately 4:55 p.m. Thursday, June 25, at the intersection of U.S. Highway 183 and East 960 Road, about three miles

north of Arapaho.

According to the OHP, 75 year old Rodney Ray Neufeld of Custer City died from injuries sustained in the crash. His passenger, 73 year old Kathy Neufeld of Custer City, was also killed.

The driver of the second vehicle, 37 year old Cody W. Stevens of Kingston, Oklahoma, was injured in the collision. No

information on the extent of his injuries was released.

The Oklahoma Highway Patrol reported that all occupants were wearing seat belts. No additional passengers were involved.

Troopers said the cause of the collision remains under investigation. Next of kin have been notified.

Teen Injured in Two Vehicle Crash Near Sayre

June 26, 2026 • **Sayre, OK** – A 17-year-old Sayre driver was injured Thursday morning in a two vehicle collision at the Interstate 40 eastbound on ramp south of Sayre, according to the Oklahoma Highway Patrol.

The crash occurred at approximately 9:47 a.m. at the intersection of U.S. Highway 283 and the I-40 eastbound on ramp in Beckham County.

Troopers said a commercial motor vehicle driven by 48-year-old Quartez T. Moore of Selma, North Carolina, was attempting to turn left from southbound U.S. 283 onto the I-40 eastbound on ramp. As Moore made the turn, the vehicle collided with

a northbound vehicle driven by a 17-year-old Sayre resident.

The juvenile driver was injured in the crash. The extent of the injuries was not released. Moore was not injured.

According to the report, both drivers were wearing seat belts at the time of the collision. No passengers were involved.

The Oklahoma Highway Patrol investigated the crash. The next of kin for the injured driver was notified.
