## Cattle Business on Unprecedented Upswing

by: Jerry Nine – Woodward, Okla.

we leave our kids and grandkids the same America as we have known it. I'm afraid that is not the case, in my opinion. A few years ago if you said the word communism and socialism and announced that is what you stood for you would be ridiculed.

Now we have some in political office that proclaim that's what they stand for.

The left better be very careful and speak out against it. After a few got into office large amounts of money have been sent their way from people that hate America, in my opinion.

Then you have losers who think America is bad because they are spoiled and have no idea. This week be sure and tell all servicemen and women thank you and also families who have lost loved ones who sacrificed their life for our freedom.

If you believe in God. Stand up for Him. If you believe in America talk to the youth and tell them how fortunate we are to be born here. If we go the socialist or communist route everything you and your fathers, mothers, granddads and grandmas and their families will all be gone. Thank you God for letting me be born in America.

*Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.*

Our cattle business is very interesting to say the least. It has been a lot more interesting these past two or three years when most have experienced good cattle profits. It used to be for many years if you could keep a steer for a year and make \$100 per head you felt very good about the cattle business. In these past two years for those that caught that swing upward in the market some advanced their cattle for \$1,000 per head.

Along with that comes the vulnerability of the high cost of replacing these stocker cattle plus having to borrow a lot more money because of these higher costs. If you give \$2,500 for a small steer and keep him a year at 7% the interest is \$175 per head. Since I sold the sale barn I have been order buying and I hear cattlemen say all the time, "I am up to the limit of what I can borrow or I am out of money." I have stayed that way most of my life.

We heard a lot of cattlemen speculate what would happen if the New World screwworm came across the border to the United States. There seemed to be a few days of shakiness, but so far it hasn't affected it at all. In fact, fat cattle made new all-time highs this past week. Some feeder cattle were quoted \$10 to \$15 per hundredweight higher.

This is July 4th week and 250 years as a country. I am very proud to be an American and I hope

Sedation Dentistry Calms Fears...  
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.

## Brigadier General Colby Wyatt to Speak at Foss Lake Christmas in July Opening Ceremony

Foss Lake, OK – The organizers of Foss Lake Christmas in July have announced Brigadier General Colby Wyatt, Director of the Joint Staff for the Oklahoma National Guard, as the featured guest speaker for the festival’s Opening Ceremony on Friday, July 10.

The ceremony begins at 7:30 p.m. at Foss State Park and will officially kick off the two day celebration honoring America’s 250th anniversary while paying tribute to the nation’s veterans.

A native of northwest Oklahoma, General Wyatt has served in the United States military for more than 30 years. As Director of the Joint Staff for the Oklahoma National Guard, he serves as the principal advisor on domestic operations and has held numerous leadership roles throughout his distinguished career.

General Wyatt has deployed in support of operations in Iraq, Afghanistan, and Ukraine. His military service has earned him many prestigious awards, in-

cluding the Purple Heart and the Bronze Star Medal.

Following the Opening Ceremony, attendees will also enjoy a Veteran Recognition Ceremony and a Flag Retirement Ceremony beginning at approximately 8:30 p.m.

Foss Lake Christmas in July continues Saturday, July 11, with a full day of family activities including a fun run, kayak races, rally poker run, duck tape boat race, water fight, poker run awards, live music featuring the Dean Jackson Band, and a fireworks show after dark. Food and shopping vendors will be available throughout the weekend.

The event encourages visitors to bring lawn chairs and spend the weekend celebrating America’s 250th birthday while honoring the men and women who have served the country.

For more information and a complete schedule of events, visit the Foss Lake Christmas in July Facebook page.

## Cloud Chief Fire Department Receives Emergency Drinking Water Donation to Support Wildfire Response Efforts

Washita County, OK — Cloud Chief Fire Department of Cordell, OK has received a donation of emergency drinking water from Anheuser-Busch to help keep its firefighters hydrated during wildfire response efforts. The donation, made in partnership with the National Volunteer Fire Council (NVFC), will provide critical hydration to first responders working long hours in extreme conditions.

On July 1, 2026, more than 2,300 cans of emergency drinking water were delivered by Anheuser-Busch’s local wholesaler partner. The donation will help ensure firefighters have access to clean, safe drinking water while responding to wildfires and other emergencies where proper hydration is essential for safety and performance.

The Cloud Chief Fire Department covers 100 square miles of rural Washita County, Oklahoma, with an annual call volume of 40 to 60 calls, the

majority of which are wildland fires. The department also responds to surrounding communities through mutual aid agreements and as part of the Washita County Task Force.

“Extended emergency responses, especially during wildfire season, place significant physical demands on our firefighters,” said Chief Cook. “Having access to emergency drinking water helps protect their health, maintain their endurance, and keep them mission-ready when our community needs them most. We’re grateful to Anheuser-Busch and the National Volunteer Fire Council for providing resources that directly support firefighter safety and operational readiness.”

Anheuser-Busch has a long-standing tradition of supporting disaster relief efforts dating back to 1906. Each year, its breweries in Cartersville, Georgia, and Fort Collins, Colorado, periodically pause beer production to produce emergency

drinking water for times of need. Since 1988, Anheuser-Busch has donated more than 100 million cans of clean, safe drinking water to communities impacted by or preparing for disasters.

With an increased focus on disaster preparedness, Anheuser-Busch partnered with the NVFC in 2019. Together with its wholesaler partners, the company has supported volunteer fire departments with nearly 12 million cans of emergency drinking water through more than 3,700 deliveries across nearly all 50 states.

The NVFC is the leading nonprofit association representing the interests of volunteer fire, EMS, and rescue services across the United States, with a mission to support volunteer responders and the communities they serve.

To learn more about the Emergency Drinking Water for Wildland Firefighters program, visit [www.nvfc.org/water](http://www.nvfc.org/water).
