Hay Day Wednesdays is proudly brought to you by

Why I'll Never Build Another Square Sorting Pen

by: Jerry Nine – Woodward, Okla.

This morning I am sorting cattle. I have said it before but I want to say it again. I will never build another square pen. It is too easy to do it with angles in every direction. I want a V or angles on both sides coming to the pen. If fact where I was sorting today I have 3 of those from different directions coming to the pen. Then in the pen the alley will be straight but all the sorting catch alleys off of it will be angled. Cattle are less nervous as they are further away from you plus going into the alley or driving out they can see down the alley rather than a 90 degree. Plus they will not bump their hip as easily with angles. In the sorting alley if it is 10 feet across I want a 12 foot gate so that it hits the other side. Plus if your wife or kid is holding the gate where it hits on the other side and the calf jumps into the gate it might jar them a bit but at least the gate will not bust their teeth out or kill them. They can never stand on the end of the gate because if that calf lunges and jumps into the gate it can kill them if it creases them the center of their chest. The more you sort

at other ranchers places the more you realize what you like and do not like.

I hope this helps you if you have any questions feel free to call. Its not perfect but just like this morning, I had a cow that didn't want to come into the pen so I put some pellets on the ground and backed my pickup up pushing her into the last alley.

Remember kids do not play with fireworks. Let the adults who have been drinking all day set them off.

Editor's note: The views expressed here are the author's own and do not represent the view of The Penny News. Jerry Nine, Woodward, Oklahoma, is a lifetime cattleman who grew up on his family's ranch near Slapout, Oklahoma.

State Awards \$18 Million to Oklahoma Sheriff's Offices, Western Oklahoma Counties Receive Major Grants

July 9, 2026 • Oklahoma City, OK – County sheriff's offices across Oklahoma will receive a boost in funding after Attorney General Gentner Drummond announced the distribution of \$18 million in grants to all 77 counties on Monday, July 6.

The Oklahoma Sheriff's Office Funding Assistance Grant Program was created by the Oklahoma Legislature in 2024 to strengthen law enforcement services across the state, with a particular focus on helping rural sheriff's offices meet growing demands for public safety.

Grant awards range from \$150,000 to \$300,000 per county and are based on each county's total tangible property valuation. Funding was appropriated through the state budget to the Attorney General's Office and is administered in partnership with the Oklahoma Sheriffs' Association and county sheriffs.

Several western Oklahoma counties received some of the largest awards in the state.

Beckham, Caddo, Custer, Dewey, Jackson and Woodward counties each received \$250,000. Ellis, Greer, Kiowa, Roger Mills and Washita counties were awarded \$150,000.

Attorney General Drummond said the program reflects the state's continued commitment to supporting local law enforcement, noting that rural sheriff's offices often operate with limited resources while serving large geographic areas.

Roger Mills County Sheriff Darren Atha praised the program following the announcement, saying 2027 will mark the county's third consecutive year receiving the grant. According to Atha, previous funding has been used to purchase body armor, firearms, vehicles, computers, uniforms and training equipment.

The grant also helped renovate the sheriff's office and funded a stipend for each full-time employee, excluding the sheriff.

"We have used this grant to rebuild the sheriff's office into an agency that Roger Mills County can be proud of," Atha said. "The AG Sheriff's Assistance Grant has helped to provide quality law enforcement to Roger Mills County, lessening the burden on the county general budget."

Atha added that the department plans to apply for the grant again next year as it continues improving services for county residents.

State officials say the funding is intended to enhance law enforcement operations, improve officer safety and provide sheriff's offices with the equipment and resources needed to better serve their communities.

Sedation Dentistry Calms Fears...
Take a *pill* and *snooze* through your dental appointment.

For many Americans, going to the dentist is a frightful event. If you are one of the 145 million people who avoid the dentist due to fear, we have the solution... Sedation Dentistry.

You can now experience your dental appointment through a totally relaxed and comfortable environment. With the help of Sedation Dentistry, you will wake up to find that your dental appointment is over and the restorations have been completed painlessly.

For those with a busy schedule, we can accomplish more dentistry in one appointment which means fewer visits to the dentist.

Sedation Dentistry is available for everything from simple restoration to the most complex procedures. We are very sensitive to our patients needs, especially those with high fear and apprehension. Now we can put an end to anxiety with this safe and wonderful technique of sedation.

We are proud to be able to offer Sedation Dentistry and offer hope to those who have been avoiding the dentist due to fear. If you would like to know more, call our team with your questions.
